The author wishes to express her wholehearted thanks to her Research Advisor Dr. M. M. Latha, Associate Professor, Department of Physics, Women’s Christian College, Nagercoil for her sincere and effective guidance throughout the period of this work.

She also thanks the Principal, Women’s Christian College, Nagercoil for her moral support and encouragement during the period of the research work.

She further thanks Dr. C. M. Padma, Head of the Department of Physics, Women’s Christian College, Nagercoil for extending the facilities to her to carry out the research work and it is a pleasure to thank all the staff members of the Department of Physics, Women’s Christian College, Nagercoil for their moral support.

She is extremely indebted to Dr. T. H. Freeda, Associate Professor, Department of Physics, S. T. Hindu college, Nagercoil for her support as co-guide at the beginning stage of her research.

She owes her deep sense of gratitude to Dr. C. K. Mahadevan, Associate Professor, Department of Physics, S. T. Hindu Collge, Nagercoil who has been a source of encouragement and inspiration throughout the period of the research work.

Finally, she records her gratitude to her husband Mr. N. Nagarajan and her family members without whose encouragements and sacrifices this work would never have been completed.

Above all, she bows her head before The Lord Almighty for His unseen love and blessings throughout the period of this work.
