ACKNOWLEDGEMENT

It gives me immense pleasure to express my sincere gratitude to Dr. C. Joyce Mathew, research supervisor for his stimulating comments, valuable advice, encouragement and guidance rendered throughout the research work.

My sincere thanks are due to the University Grants Commission, New Delhi and the Mahatma Gandhi University, Kottayam for granting me Junior Research Fellowships to carry out the work.

I gratefully acknowledge the academic as well as administrative help rendered by Prof. C. J. Thomas, former Principal of Union Christian College. I am also thankful to Dr. Rajan Varughese, Principal, Union Christian College, for his whole-hearted help in the successful completion of this study. I am very deeply indebted to the Management of Union Christian College for providing me with the necessary research facilities.

I am very much grateful to Prof. C. M. Mathew, Head of the Department of Botany for allowing me to use all the facilities in the department during my work. The help in the collection of the materials by Dr. G. V. Thampi, former Head of the Department of Botany is gratefully acknowledged. I also wish to thank the late Dr. K. Kuruvilla, former Head of the Department of Botany for his valuable comments. My sincere thanks are due to Dr. K. V. Poulose for his valuable advice and encouragement. I am also grateful to Dr. K. I. Mani Varghese and other members of the teaching staff of the Department of Botany, Union Christian College, who encouraged me in my research work by their timely suggestions.

I have been fortunate to have the cooperation of Dr. Rolf Rutishauser, Institute for Systematic Botany, University of Zürich, Switzerland. I am deeply grateful to
him for allowing me to use the Scanning Electron Micrographs prepared by him and also for his invaluable suggestions and comments on the taxonomy of the Indian Podostemaceae.

I express my sincere thanks to Dr. K. M. Matthew, S. J., Director of Rapinat Herbarium, St. Joseph’s College, Tiruchirapalli, Tamil Nadu, for granting me the library facilities of the institute and for Latin diagnosis.

I gratefully acknowledge the pieces of advice and the help rendered by Dr. G. D. Arekal, former professor of the Department of Botany, University of Mysore, in confirming the specimen collected by me.

I am immensely grateful to Dr. H. G. V. G. Urus, Curator of Herbarium, University of Mysore who provided the necessary literature and allowed me to refer to the specimen in the University Herbarium.

I am indebted to Prof. H. Y. Mohan Ram, Department of Botany, University of Delhi, and to his co-investigator Dr. Anita Sehgal, for their help during my visit to the Department.

I extend my gratitude to Dr. Prem Lal Uniyal, Department of Botany, University of Delhi, for his valuable help rendered during the field trips and the visits to the Botany Department Library and the Central Library of the University of Delhi.

I am deeply indebted to Dr. P. K. K. Nair, former Deputy Director of National Botanic Research Institute, Lucknow and Dr. C. P. Rauf. M. D., Chest Hospital, Calicut for their inspiring comments.

It is a great pleasure to me to record my sincere gratitude to Dr. P. Daniel, Deputy Director, Mr. K. Vivekananthan, Scientist and Mr. P. Bhargavan, Botanist, of the Botanical Survey of India, Southern Circle, Coimbatore for their helpful suggestions. I wish to express my sincere gratitude to Dr. J. Joseph, former Deputy
Director of Botanical Survey of India, for his useful comments regarding the area of my work.

I am very much grateful to Dr. Philip Mathew, Department of Botany, University of Calicut and his research student Mr. T. P. Raveendran for their help in the identification of the specimen during the initial stages of the investigation.

I am also thankful to Madame Dr. C. Cusset, Laboratoire de Phanérogamie Paris, France, for sending the reprints of her reputed papers.

I wish to thank Dr. C. Renuka, Kerala Forest Research Institute, Peechi who kindly made the necessary arrangement for my collection from the Peechi forest area.

The supply of restricted maps by O. C. No. 21 Party, Survey of India, Vallakkadavu, Trivandrum is gratefully acknowledged.

My sincere thanks are due to Prof. Joseph Paly, former Head of the Department of Botany, St. Thomas College, Palai for his help during my field trips.

I thank Dr. A. H. M. Jayasuriya, Systematic Botanist and Curator of the National Herbarium, Royal Botanic Gardens, Peradeniya, Sri Lanka for sending the necessary literatures for my use.

I owe a particular debt of gratitude to the Librarians and Staff of the following institutions for their generous help during the collection of literature relating to my research work: Union Christian College, Alwaye-2; University of Calicut, Calicut; University of Delhi, Delhi; Botanical Survey of India, Southern Circle, Coimbatore; Central Marine Fisheries Research Institute, Cochin; University of Kerala, Trivandrum, Bharathiyar University, Coimbatore; Rapinat Herbarium, St. Joseph's College, Tiruchirapalli; Tamil Nadu Agricultural University, Coimbatore and Christ College, Irinjalakkuda.
I am also thankful to Mr. James Zacharia, Range Officer (Research), Periyar Wild Life Sanctuary, Thekkady and Mr. K. Uthaman, Range Officer, Silent Valley National Park for permission and help during collection trips.

Mr. P. I. Varghese, Department of Botany, U. C. College who helped me during the field trips deserves my sincere gratitude. I am also thankful to Mr. M. J. Chacko, Mr. M. A. Kuriakose and Mr. P. M. Balaram for laboratory assistance.

I am grateful to Mr. Varghese Paul and Mr. Jose V. George of Union Christian College Computer Centre for their help in the preparation of the thesis.

SATHEESH V. K.
