ACKNOWLEDGEMENT

I heartily acknowledge and express my deep sense of gratitude to

My guide Dr. Mrs. Dulcy Elizabeth, Reader in Botany, St. Mary's College, Tuticorin-1 for her enthusiasm, inspiring guidance and constant encouragement throughout the course of this investigation.

My Co-guide Rev. Dr. V.S. Manickam, Director, Centre for Biodiversity and Biotechnology, St. Xavier's College, Palayamkottai for his invaluable suggestions in my choice of subject and for the facilities provided by him during this course and for his excellent and exuberant guidance all through the process of this work.

Rev. Dr. A. Lourdusamy, Principal, St. Xavier's College, Palayamkottai for his encouragement, keen interest, moral support and affection that enabled me to complete my course successfully.

Rev. Dr. Sr. Josephine Jeyarani, Principal, St. Mary's College, Tuticorin for her encouragement and great concern in the successful completion of this work.

Dr. Sr. Aveline Mary, our former Principal for her tireless and sincere efforts to secure FIP fellowship.

Dr. Miss. Sarojini Menon, Former Head of the Department of Botany, St. Mary's College, Tuticorin for the constructive suggestions and the constant support that she extended to me, in my work.

Dr. Mrs. Leelambika, Former Head of the Department of Botany, St. Mary's College, Tuticorin for her valuable suggestions and care in every stage of this work.
Mrs. Santhalakshmi Annathai, Head of the Department of Botany, St. Mary’s College, and all my dear colleagues in the department for their timely help, suggestions and encouragement.

Mrs. Fatima, Lecturer (SG) in English, St. Mary’s College, Tuticorin for rendering kind assistance through her perusal of the manuscript.

Prof. A. Arockiasamy, Former Head of the Department of Botany, Dr. L. Henry Joseph and Dr. L. Louis Jesudas, Department of Botany, St. Xavier’s College, Dr. S. Seenii, Deputy Director, Plant Biotechnology Division, Tropical Botanic Garden and Research Institute, Trivandrum with whom I had very fruitful discussion during the course.

Dr. K. Natarajan, Head of the Department of Botany, St. Xavier’s College, for the immense strength that I derived from him by his patient perusal of the manuscript and through his critical and constructive comments on the thesis all through my research years.

Dr. Daniel, Deputy Director, Dr. Moorthy, Scientist ‘E’ and Dr. Venu, Scientist ‘E’, Botanical Survey of India, Southern Circle, Coimbatore for their suggestions and permission to utilize the Herbarium and the Library.

Mr. M.S. Swaminathan, Rtd. Scientist, Botanical Survey of India, Southern Circle, Coimbatore for his sincere help on the source of literature.

Dr. V. Chelladurai, Research officer, Survey of Medicinal Plants Unit (Siddha), Government of India, Palayamkottai and Dr. S. Gopalan, Systematic Botanist, Botanical Survey of India, Southern Circle, Coimbatore for their earnest help in identification of species and effective guidance.
The Director, Tropical Botanic Garden and Research Institute, Trivandrum for his permission to utilize the Herbarium and the Library.

The Chief wild life Warden, Chennai, Conservator of Forests, Field Director, District Forest Officer and other Forest officials, Kanniyakumari and Tirunelveli district for granting permission to collect the specimens from the study area.

The Statistical Department, Nagercoil for providing the Meteorological data of Kanniyakumari district.

My dear fellow researchers, Dr. V. Sundaresan, Dr. C. Murugan and Dr. G. Jeya Jothi, Centre for Biodiversity and Biotechnology (CBB) for identification of species and other help during the various stages of this work.

Mr. M. Johnson, Mrs. D. Vanila, Research Scholars, CBB for their timely help and encouragement.

My friend and colleague Mrs. Uthayakumari Kalavathy for her unstinting support and inspiring presence with me, during all my ventures.

Mr. P. John Peter (Driver), Mr. I. Jegan Babu, Mr. M. Sundarraj (Field Assistants), for their timely help and co-operation during the exploration and in laboratory works.

Mr. H. Sankar and Mrs. G. Venkateswari for their attractive and scientific illustrations.

Mrs. & Mr. Shanthi Jesuraj and Miss. Regina (Bharathi Priya Computers, Palayamkottai) for their systematic and meticulous typing and their memorable help during my research work.
Mr. Robert, Robert Xerox for his co-operation to executing the work.

Mr. Sami Raj, School assistant for his timely help and constant encouragement in completing this work.

I proudly acknowledge my indebtedness and express my deepest appreciation to my husband Alexis, my children Master Melvin and Allwin and to all the members of my family for steady and unreserved support they extended to me and for the sacrifices they made to ensure the satisfactory completion of my thesis.

Above all, I humbly bow in gratitude to the Good Lord for showering abundant graces on me and for helping me to yield fruitful results.

M. MARY JOSEPHINE
