List of Tables:

Table -1:1- Sample size of the small tea grower’s Garden
1:2- Sample Design
1:3- Sample small tea grower’s garden taken from each group
1:4- Sample small tea grower’s gardens (according to Geographical Location)
1:5- Growth of small tea growers in Sivasagar district during 1993-2005
2:1- Variation of temperature, humidity and rainfall of Sivasagar district, Assam- 2005
2:2- Decadal variation of population of Sivasagar district
2:3- Distribution of population of Sivasagar district
2:4- Agro-ecological division of Sivasagar district
2:5- Different industries of Sivasagar district
3:1- Growth of small tea growers in different districts of Assam
3:2- Growth of small tea cultivation in Assam
3:3-A- District wise distribution of small tea growers in Assam
3:3:B- The five districts having highest small tea grower’s gardens
3:4- District wise registration of small tea growers in STAP during 2005-06
3:5- District wise distribution of small tea gardens registered with Tea Board
3:6- Small Tea growers under different holding sizes
3:7- Estimated area under small tea growers sectors in Assam
3:8- Estimated production of green leaf in the year
3:9- Estimated production of made tea under small tea growers sector in Assam, 2003
3:10- District wise estimated total employment, 1999
3:11- Estimated engagement of workers in small tea sector
3:12-A- Family wise distribution of population of small tea growers
3:12-B- Distribution of population according to age and sex composition of small tea growers
3:12-C- Distribution of population according to age and sex composition of small tea growers(in number and percentage)
3:13-A - Demographic structure of the small tea growers according to the Educational status (in numbers)
3:13-B - Demographic structure of the small tea growers according to the Educational Status (in percentage)
3:14-A - Occupational pattern of the farm families of small tea growers in different categories (according to age group)
3:14-B - Farm family working force and occupational pattern in different size Groups of small tea growers
3:15 - Distribution of size area owned and average size of holdings
3:16 - Land holding in different size groups of small tea growers
3:17 - Utilization of human labour in different size groups of small tea growers
3:18 - Utilization of family and hired labours in various size groups of small tea growers
3:19 - A - Establishment cost of cultivation of tea in various size groups of small tea growers (Rs. per hectare)
3:19-B - Cost of cultivation of tea in various size groups of small tea growers
3:20 - Operational and maintenance cost of small tea cultivation in different size groups of small tea growers (Rs. per hectare)
3:21 - Operational and maintenance cost of small tea growers per garden
3:22 - Requirement of per hectare/ per farm capital investment in different size groups of small tea growers
3:23 - Distribution of working capital requirement per hectare of small tea growers by source of funding (per hectare)
3:24 - Year wise production of green leaf
3:25 - Response of small tea growers to marketing of green leaf
4:1 - General land use pattern of Sivasagar district
4:2-A - Land use categories of tea farmers of Sivasagar by land
4:2-B - Land utilization pattern in small tea sector of Assam
4:3 - Operational area vis-à-vis area under tea of small tea growers
4:4 - The land available for tea cultivation
4:5 - Per farm land use pattern of small tea growers
4:6- Average size of tea holding for different size groups of small tea growers
5:1- Land use pattern of different size groups of small tea growers of Sivasagar District from 1993-94 to 2005-06(A,B,C)
5:2:A- Change in area of different fields of small tea growers of Sivasagar district
5:2:B- Diversion to tea land among small tea growers of Sivasagar district
5:3 - Percentage of different categories of land converted to tea cultivation
5:4- Change in area under major crops in Sivasagar district (area in hectare)
6:1- Distribution of workers in Sivasagar district
6:2- Distribution of workers among the various size groups of small tea growers
6:3- Percentage of workers among the various size groups of small tea growers
6:4 - Distribution of workers among sample revenue villages
6:5- Percentage of variation of workers in various sectors
6:6- Distribution of workers among sample villages
6:7 - Distribution of workers in various sectors according to villages
