Acknowledgement

With great pleasure and deep sense of gratitude, I would like to offer sincere thanks to my guide Dr. Krishna G. Bhattacharyya, Professor, Department of Chemistry, Gauhati University, for his continuous supervision, sincere guidance, thoughtful suggestions and warm encouragement at every stage of my research work.

I am grateful to Prof. D. C. Deka, Head, Department of Chemistry, Gauhati University for extending all necessary facilities for carrying out this work. I am acknowledging my gratitude to all the teachers of the Department of Chemistry, Gauhati University for their encouragement. I am also thankful to the non-teaching staff of this department for their help during the entire period of my work.

I am very thankful to the University Grants Commission, India for extending financial assistance in the form of RFSMS under the BSR scheme.

I am thankful to the Department of Chemistry, G.U for providing UV-VIS, GC-MS and BET facility. IASST, Boragaon, for XRD; SAIF, NEHU, Shillong for SEM and Dept. of Chemistry, B. Baruah College, Guwahati for FT-IR of the catalyst samples.

I am also thankful to Hrishikesh and Hemaprovaba who helped me to handling instrument during my Ph.D. work.

I express my thanks to my department seniors Suranjanaba, Nibeditaba, Bidyutda, Ajoyda, Nirupamda, Mayurda, Provaba, Nayanda, Ranjanda, Basantibaideu, Gopi Sir, Arunda and my lab mates Purabi, Bharati, Sanjoy, Gautam, Sumi, Himani, Upama, Leena, Moonmoon, Smita, Manashi, Debolaxmi, Valantina, Bichitra, Padmalochan for their constant support and encouragement during the course of the work.
With core of my heart, I offer my love, admiration and respect to my parents, Sri Nirmal Das and Srijukta Swagata Das, for their constant inspirations, blessings and support in each step for carrying out this study. I will be failing in my duty if I do not acknowledge the encouragement extended to me by my younger brother Niton Das. I am also thankful to all my family members, friends and well wishers, without their support and blessings, this work would not have been possible.

Last but not the least; I am thankful to the Almighty, who has provided me sound health and strength to complete this work.

Moutusi Das
