ACKNOWLEDGEMENT

I express my deep sense of gratitude to my affectionate reverend research guide Dr. S.S. Patil, Professor, Department of Environmental Science, Dr. Babasaheb Ambedkar Marathwada University, Aurangabad, for his noble, meticulous guidance, immense help, invaluable suggestions, constant encouragement & unstinted advice throughout the course of this investigation. Without the untiring interest & magnanimous help, it is not possible to this thesis to see the light of the day. I owe my profound regards to him for this research work. He was never a mere lamp post, but the torch bearer who lead me through the lovely dark and deep woods of research. The credit for this accomplishment goes to him only. I am fortunate to have worked with such a recognized Environmentalist. Through the association and working with him, it has been an intensive rewarding experience.

I express my deep sense of thanks to Dr. M.B. Mule, Professor & Head of Department of Environmental Science, Dr. Babasaheb Ambedkar Marathwada University, Aurangabad for his constant encouragement. I am also thankful to Dr. N.N. Bandela, Professor, Department of Environmental Science, and Mrs. Y. L. Padme, Assistant Professor for their encouragement and co-operation.
