ACKNOWLEDGEMENTS

Milestones of life are achieved, not only by individual efforts but with blessing, guidance and help of teachers, friends, elders, parents and our mighty Lord. Many people have contributed directly and indirectly to my education and to this thesis. Therefore this is the best opportunity to thank all of them.

First of all I would like to express my immense gratitude to my supervisor Dr. D. Channe Gowda, Professor of Chemistry, Department of Studies in Chemistry, University of Mysore, Manasagangotri, Mysore who encouraged and supported my efforts, knowledgeable guidance throughout the present study. His scholarly suggestions, immense interest, constant help and affectionate behavior have been a beacon of light for me. His suggestions will remain with me as an infinite source of scientific learning throughout my life.

I am thankful to Prof. H. S. Yathirajan, Chairman, Department of Studies in Chemistry, University of Mysore, Mysore for providing necessary facilities in the institute to carry the work smoothly.

I owe my special thanks to Prof. K. M. Lokanatha Rai, Prof. Y. B. Basavaraju, Prof. H. D. Revanasiddappa, and other teaching
faculty members of the department for their useful suggestions during my research studies.

I heartily acknowledge Dr. R. Suhas for much desired support, care and guidance throughout my research work and made my dreams come true.

I was very fortunate to have Dr. M. B. Shridhara, N. Mallesha, C. S. Shantharam, D. M. Suyoga Vardhan, K. P. Rakesh, Ramesha, Kumara H. K. and S. M. Anil as my labmates.

I would like to admire my Parents and Brother Avinash Sharma for their blessings, love and courage. I’m lucky to have Miss Manpreet Kaur as my friend and colleague who have taught me many of her specialties in chemistry. Discussions on various topics with other research scholars in the department kept the environment lively. I am also grateful to all my friends Manjunath A. Dalawai, Ashish Kumar Tiwary, Nafees, Sumanth Salian, Paneendra Achutha and Lakshindra Chetia for being a constant support.

Anamika Sharma
