ACKNOWLEDGEMENTS

The author wishes to express her deep sense of gratitude to Dr. C.G. Ramachandran Nair, M.Sc., Ph.D., A.R.I.C., Reader, Department of Chemistry, University of Kerala, Trivandrum for suggesting the research problem and for his inspiring guidance and constant encouragement throughout the investigation.

Her sincere thanks are due to Prof. R. Anantaraman, Ph.D., A.R.I.C., Head of the Department of Chemistry, University of Kerala for the generous encouragement he has always given her. She is also thankful to the authorities of the University of Kerala for providing the necessary facilities for her work.

She is happy to record her debt of gratitude to Dr. C.P. Prabhakaran, M.Sc., Ph.D., for his valuable suggestions.

She is obliged to acknowledge the co-operation and the assistance rendered by all the colleagues in the Department of Chemistry, University of Kerala, Trivandrum.

R. LALITHAKUMARI.
