ACKNOWLEDGEMENTS

I first and foremost salute the ALMIGHTY for giving me the health and strength to pursue endeavors leading to a holistic life and for the continuous blessings throughout the research work.

I am grateful to all my teachers for their persistent efforts in shaping me.

I would like to express my deep appreciation and sincere gratitude to my Research Supervisor Dr. A. Vimala Juliet, Professor and Head, Department of Instrumentation and Control Engineering, SRM University for her guidance, support, encouragement, understanding and patience. I have been honored to work under her supervision and learn from her advice and useful insights throughout my Ph.D program.

Besides my supervisor, I express my heartfelt thanks to the members of the Doctoral Committee, Dr. J. Prakash, Professor, MIT, Chennai and Dr. Nandita Das Gupta, Professor, IIT Madras, Chennai for their encouragement, insightful comments, advice and guidance.

With utmost sincerity, I thank Dr. C. Muthamizhchelvan, Director (E&T), Dr. S. Ponnusamy, Controller of Examinations, Dr. Narayana Rao, Director (Research), Dr. Kashmir Raja, Dean (Research) and the authorities of the SRM University for the facilities provided for me to carry out this research work.
I express my sincere thanks to all the Professors, fellow colleagues and non-teaching staff of the Department of ICE, SRM University who cooperated with me which enabled me to realize my dream.

I convey my special gratitude to my beloved father Mr.K.Subramaniyan and my mother Mrs. S. Gowri, Brothers, Sisters for their loving support and encouragement which enabled me to complete this research work successfully.

I would like to deeply thank my wife Mrs. G. P. Rajeswari, for her support, patience, sacrifice, and faith in me. She is the one who made the greatest sacrifice for the successful completion of this work. I also extend my appreciation for the support provided by my son K.R. Kavinraj.

Last but not the least, I must thank all my friends and well wishers who provided me with the right ground to complete this thesis work in a successful way.

(KRUSHNASAMY V.S.)
