ACKNOWLEDGEMENTS

I would like to use this opportunity to express my gratitude to everyone who made possible the successful completion of my thesis with their support, and care. I am thankful for their aspiring guidance, invaluable constructive criticism and friendly advice which helped to bring the thesis in the right form. I am sincerely grateful to them for sharing their truthful and illuminating views on various topics related to my thesis.

First and foremost I would like to express my sincere thanks to my guide Dr. L.V.K.S. Bhaskar, Senior Scientist, Sickle Cell institute Chhattisgarh, Raipur, India (Formerly Associate Professor, Department of Biomedical Science, SRU) for the continuous support he extended to my Ph.D study and research, for his patience, motivation, enthusiasm, and sharing his immense knowledge. His guidance helped me in all the time of research and writing of this thesis. I could not have imagined having a better advisor and mentor for my Ph.D study.

Besides my advisor, I am extremely indebted to my Co-guide Dr. Syed Altaf Hussain, Associate Professor, Department of Plastic Surgery, SRU, Chennai.

I would also like to extend huge thanks to my Research Advisory Committee member, Dr. K. Mahalingam, Associate Professor, School of Bioengineering and Biosciences, Vellore Institute of Technology, for sparing his time to offer me support with this feedbacks.
My sincere thanks also goes to Dr. Solomon Paul, Professor and HOD, Department of Biomedical Sciences, SRU, for providing the necessary infrastructure and resources to accomplish my research work.

It is my pleasure to gratefully acknowledge the support of some special individuals. My special thanks to the Chancellor and management of SRU, for providing me all the facilities. I would also like to extend, thankfulness to Pro-Chancellor, Vice-Chancellor, Dean of Faculties and Dean Research for being supportive throughout my time here. I feel highly indebted to the Registrar, SRU, for all his help and encouragement during my study. I would like to convey special acknowledgement to the Controller of Examinations and her team members for their support during this study.

I take this opportunity to sincerely acknowledge the Indian Council of Medical Research (ICMR), Government of India, New Delhi, for providing financial assistance in the form of Senior Research Fellowship which buttressed me to do my work comfortably.

My special acknowledgement goes to all those people who made possible the difficult task of ‘Blood collection’ for my experiments. I feel highly indebted to Mr. Cristi Doss, Mrs. Zansi Rani and Mrs. Hema, for their help in blood collection.

I would also like to thank the staff of the Department of Biomedical Sciences Mr. R. Gnanasambandan, Dr. A. Sumathy, Ms. Betty Lincoln, Mrs. R. Sumitha, Mrs. V. Lalitha and Dr. T.S. Lokeswari for their help and support.
My colleagues and friends, Mrs. R.T. Ginila, Mrs. T. Mahesswari, Ms. Sasikalaveni, Ms. Kalaivani, Ms. Sowmya, Mr. Vijaya Kumar, Mr. Raj, Mr. Vijaya Bhaskar and Mr. Rajesh had offered immense help, moral support and care during this process, and no words can bring the gratitude I feel for them.

The Almighty had offered me patience and resilience to stick to my work, and I thank God every moment.

Last but not least, I would like to pay high regards to my Father, Mother and Brother for their patience sincere encouragement and inspiration throughout my research work and lifting me uphill in this phase of life. It is to them that I dedicate this work.

(G.venkateshbabu)
