ACKNOWLEDGEMENTS

I express my profound sense of gratitude to my revered teacher and research supervisor, Dr. K. Hussain Reddy, M.Sc., M.Phil., Ph.D., Lecturer in Chemistry, Sri Krishnadevaraya University, Anantapur for suggesting the problem and for his illuminating guidance, unswerving and awe-inspiring encouragement, invaluable suggestions and whose foresight, courtesy and persistance ensured the success of this undertaking.

I am thankful to Dr. M. Chandraiah Chowdary, Reader and Head, Department of Chemistry, SK University for his constant help throughout my research work.

I am grateful to Dr. Syed Ghouse Peeran, Reader in Chemistry, SK University, and Dr. T. Sreenivasulu Reddy, Reader in Chemistry, SK University for their help in getting the spectras.

I am thankful to Dr. Sri Hari, Lecturer in Chemistry, Kakatiya University for giving calculations of ESR parameters.

I take this opportunity to express my thanks to the Head, Regional Sophisticated Instrumentation Centre (RSIC), Indian Institute of Technology, Madras, for providing the vibrating sample magnetometer (VSM) analyses of complexes. I am thankful to Head, RSIC,
Indian Institute of Technology, Bombay for providing ESR spectra of the complexes and $^1H$ NMR spectra of the complexes. I am also grateful to the Director, Central Drug Research Institute (CDRI), Lucknow, for the help in providing the C, H and N analyses.

I am thankful to all the staff members and my colleagues for their cooperation during my research work; thankful to the authorities of Sri Krishnadevaraya University for providing the necessary facilities for carrying out the research work.

Mr. V. Sahadevan receives a special note of thanks for neat typing of the thesis.

Finally, I am indebted to my parents and members of family especially to my wife, Mrs. A. Jaya, for their patience and constant encouragement to complete the work.

Y. SREENIVASULU
