I take this special moment to express my sincere thanks and deepest sense of gratitude to my guide Prof. (Dr.) B. Madhusoodana Kurup, Vice Chancellor, Kerala University of Fisheries and Ocean Studies, Cochin for his unfailing guidance, invaluable suggestions, critical assessment and constant encouragement throughout my work.

I gratefully acknowledge the financial support by the European Commission under the 6th frame work programme on “Environmental management reform for the sustainable farming, fisheries and aquaculture- AquAgris” for my research.

Thanks to the Honorable President, ICAR for granting extension of time to join Agricultural Research Service for completing my thesis.

I always remember the support, infrastructure and facilities offered by the former Directors of the School of Industrial Fisheries, Cochin University of Science and Technology during my work period. Thanks to Prof. (Dr.) A. Ramachandran, Director of School of Industrial Fisheries for providing necessary facilities to carry out this work successfully. Thanks are due to Prof. (Dr.) Ramakrishnan Korakandy, Prof. (Dr.) Saleena Mathew, Prof. (Dr.) K.T. Thomson, Dr. M. Harikrishnan, Dr. Mini Shekaran, Dr. John Mohan, for the support and wishes.

Thanks to Prof. (Dr) Aneykutty Joseph, Dr. Rosamma Philip, Prof. (Dr) Babu Philip, Dr. A. A. Mohammad Hatha, Dr. A.V. Saramma and Dr. S. Bijoy Nandan, my post graduation teachers from Dept of Marine biology Microbiology and Biochemistry, CUSAT for their support and wishes for the timely completion of the thesis.

I am deeply acknowledging Prof. Yoram Avnimelech, (Israel) the “Father of Biofloc Aquaculture” who was ready to help me at any time.

Thanks to my graduation teachers, Dr. Baby Joseph, Dr. Joselet Mathew, Prof. Jancy George and Dr. Sally George, for their affection, care and support.
A relation of 7 long years has presented many memorable moments with my classmates, Akhilesh, Vinu, Shuaib, Jithu, Chaithanya, Manju, Jimly, Ramya, Bisna, Anu Baburaj, Anu Pavithran, Divya, Abhijna, Asha, Sumi, Renuka and Archana, who always supported and criticized during this work.

It’s my luck to get the truly co-operative research group and a good research environment. I thank Joyni Thomas for sharing her knowledge and offering help during the project and research period, thanks to Anjalee Devi for providing me literature, rendering her whole hearted help and well wishes. Dr. Saritha Thomas, Shubhasree Shankar, just like my elder sisters, thanks for the care and love. Mr. Ranjith Kumar, C. R, Mrs. Diana Benjamin, Mrs. Anupama, Mr. Jenson. V. R, Mr. Deepak Jose, Mrs. Roshni and Miss. Greeshmam were always with me as inspiration in my academic achievements.

Special thanks to Dr. PrabhaKaran M. P. Dept of Marine Biology, Microbiology and Biochemistry, CUSAT, for taking up the hectic task of correcting the entire thesis. Thanks are due to Dr. C. Sreedevi, Lecturer, SIF, CUSAT for the initial correction of the thesis.

Help offered by the office staff of School of Industrial fisheries and Library Staff of School of Marine Sciences is thankfully acknowledged.

MSc students of various batches helped me a lot in each and every stage of my research for the seed collection harvest, sample analysis etc. Thanks to Mr. Sajan K.P, Shenoob P. S, Anil J, Nithin C.T, Praveen P, Judin John Chako, Ajith, Lijin Nambiar, Rahul, Mahesh Gopal and Vijeesh,

I am fortunate for the friendship of Mr. Thushar Patel, Gujarat, for helping me a lot for the proper reviewing of my work by providing latest and recent articles in the field of BFT.

Miss. Anuradha, Senior Research Scholar, Dept. of Chemical Oceanography helped me a lot from the beginning of the research by providing and sharing the methodology and
profound knowledge in water Chemistry. Special thanks to Mr. Krishna Mohan, for providing essential software for research and sharing his computer knowledge. Thanks to Dr. Suneesh Thampy and Mr. Rahul, MPEDA for providing statistical data related to this work.

Thanks to the scholars of Department of Marine Biology, especially Miss. Chaithanaya, for assisting me in the analysis of molecular biology samples. Thanks are due to Mr. Anil Kumar. P. R, Mr. Anit. M. Thomas, Dr. Sanil Kumar, for sharing their knowledge in the relevant field and helping by providing their lab facility.

Special thanks to Mr. Binoop, Indu photos, Kalamassery for the perfect editing of this text. Mr. Shuaib, my friend designed a beautiful and attractive cover page to this manuscript.

For the last 7 years, each and every moment in the CUOMS hostel was enjoyed very much, thanks to all my hostel friends, for those gorgeous days, Jayesh, Anilkumar, Shaiju, Phiros, Vijay, Anit, Gireesh, Vijayakumar, Hasheeb, Sudheer Mathew, Jabir, Ajin, Vincent, Christo, Vipin….there are so many names. I can’t forget the sweet memories in Room No 5, with my roommates, Subin, Nikhil, Midhun and finally my dearest Riyas, Solly and Nashad. Thanks to all for the love and support.

Achan, Amma, Aniyathy and Maamy are my strength and have unconditionally supported me with their love, care, prayers and blessings. No words to suffice my feeling for them, at this critical juncture in my life.

This thesis is a result of blessing and kind of Lord Guruvayoorappan, I bow my head in front of that super power, which preserves the entire world and showers the power and blessings to all in this beautiful world.

Praveen, K. K.
