ACKNOWLEDGEMENTS

It gives an immense pleasure to express my sincere and deep sense of gratitude and my inexpressible indebtedness to my revered teacher and my research guide, Dr. K. Raghavendra Rao, Associate Professor, Department of Physics, Sri Krishnadevaraya University, Anantapur for his untiring efforts, a high degree of inspiration and efficacious guidance without which the work would not have seen the light of the day.

I am thankful to the Coordinators of the Electronics Department, Sri Krishnadevaraya University, Prof. K. Malakondaiah and Dr. K. Nagabhushan Raju for their cooperation.

My profound thanks are due to Prof. N. Manohara Murthy, Principal and Dean of Physical Sciences, Prof. E. Rajagopal, Prof. K.V. Siva Kumar, Prof. D.V. Subbaiah, Dr. R. Ramakrishna Reddy, Head, Department of Physics and all other staff members of Physics, Sri Krishnadevaraya University for their kind help and encouragement.

I wish to express my thanks to Dr. D. Subbarayudu, Head of ECE Department, G. Pulla Reddy Engineering College, Kurnool for his unstinted help during the progress of the work.

I express my thanks to Sri S. Venkatachalam, Sri Y. Chakapani and Smt. B.K. Madhavi, Associate Professors of ECE Department, G. Pulla Reddy Engineering College, Kurnool for their kind suggestions during the research work.
My sincere thanks to Dr. D. Punyaseshudu, Head of the Department of Physics, SKU PG Centre, Kurnool for his keen interest in the present work.

It is a pleasure to acknowledge all the members of my family in general and my wife Smt. K.E. Anitha in particular for the cooperation and encouragement in the process of completing my research work.

I also remain thankful to Prof. P. Jayarami Reddy, Principal and the Management of G. Pulla Reddy Engineering College, Kurnool for giving permission to carry out the research work.

Finally, I am obliged to the authorities of Sri Krishnadevaraya University, Anantapur for providing necessary facilities to carry out this research programme.

I am thankful to Sri V. Sahadevan for data processing the thesis neatly.

K.E. SREENIVASA MURthy.
