I wish to express my gratitude and indebtedness to Dr. T. Ullaiah, Reader in Biosciences, Sri Krishnadevaraya University, Anantapur, who is my mentor, philosopher and guide, for his inspiring guidance and encouragement that helped me to accomplish this work.

I would like to express my gratefulness:

to Botanical Survey of India, Howrah for the financial assistance.

to Prof. Dr. Basheerahmed, Head of the Department of Biosciences and the authorities of Sri Krishnadevaraya University for providing facilities.

to the Joint Director, Botanical Survey of India, Southern Circle, Coimbatore for permitting me to consult the herbarium for identifications and also for the library facilities.

to Sri C.V. Anu Rao, Dr. Ann Henry, Dr. K.N. Surya, Mr. S. Anup, Scientists, Dr. Sreedhar, Kama Rao, Ashokan Gay, research scholars and Dr. Charyavan, technical assistant in Botanical Survey of India, Southern Circle.
colleagues for their help in identification, in solving non-natural riddles and for helpful discussions.

to the Conservator and other personnel of Forest Department, Surinool district for their help in field work.

to friend Dr. Rayanamma, lecturer in Biochemistry for his help in various ways.

to Dr. Vasanta, Warejyalaxmi, Guleshu, Rasanna and other colleagues in the department of Biosciences for their invaluable help extended during the course of the present investigation.
