CONTENTS

ACKNOWLEDGEMENT

PREFACE

CHAPTER I INTRODUCTION

Introduction, study area, Objectives methodology, Review of literature, sources of the data, duration of the study and organisation of the thesis.

CHAPTER II PROFILE OF THE DISTRICT

Historical background, location, topography, drainage, geology, geomorphology, climate, soils, land utilisation, natural resources, population and places of tourist importance.

CHAPTER III RAINFALL ANALYSIS OF THE ANANTAPUR DISTRICT

Introduction, Monthly analysis of rainfall; Mean rainfall, rainfall intensity, rainfall variability and rainfall ratio; Seasonal and annual analysis of rainfall; Mean rainfall rainfall intensity, rainfall variability and rainfall ratio.

CHAPTER IV DECADAL VARIATIONS IN MEAN RAINFALL AND RAINFALL VARIABILITY OF THE ANANTAPUR DISTRICT

Page No.
1-30
31-43
44-99
100-134
Introduction, Monthly decadal variations of Mean rainfall; seasonal and annual variations of Mean rainfall; Seasonal and annual decadal variability of rainfall in the Anantapur district.

CHAPTER V  DROUGHT ANALYSIS OF THE ANANTAPUR DISTRICT  135-195

Introduction, Monthly, seasonal and annual analysis of drought occurrence, classification and intensity; Decadal Variations in seasonal and Annual drought occurrence and intensity.

CHAPTER VI  WATER BALANCE AND SOIL MOISTURE ANALYSIS OF ANANTAPUR DISTRICT  196-300

Monthly, seasonal and annual analysis of water balance elements of the Anantapur district; Water availability days in different periods, Water availability calendar; Monthly, seasonal and annual analysis of soil moisture elements of the Anantapur district.

CHAPTER VII  EVALUATION OF LAND RESOURCES OF THE ANANTAPUR DISTRICT  301-331

Introduction, Physiography, slope, drainage, lithology, land systems, landforms, soils, land use, hydrogeomorphology and land capability.
