Acknowledgements

I express my deep sense of gratitude to my Research Supervisor and beloved teacher Prof. S. Raja Ratnam, Department of Instrumentation, Sri Krishnadevaraya University, Anantapur for his able and inspiring guidance and valuable suggestions throughout my academic career.

I shall remain grateful to my beloved teacher Dr. K. Malakondaiah, Head: Department of Instrumentation & University Science Instrumentation Centre, Sri Krishnadevaraya University, Anantapur for his constant encouragement and valuable suggestions. He is a constant source of inspiration to me in all my endeavours.

I acknowledge my indebtedness to all those scholars whose works I have drawn upon. They have not only enriched by understanding of the subject but also served as a source of inspiration.

I record my deep sense of gratitude to Prof. A.B. Kulkarni, Professor & Chairman, Department of Applied Electronics, Gulbarga University, Gulbarga for his help and encouragement throughout my research work.

I shall remain thankful to Smt. Parvathi C.S., Chairperson, Department of Instrumentation Technology, Gulbarga University P.G. Centre, Raichur for her constant encouragement and helpful suggestions throughout my research work. Also I am thankful to Sri D.L.Holker, Reader, Department of Applied Electronics, Gulbarga University, Gulbarga for his help and co-operation.

I am extremely grateful to Prof. R. Ramakrishna and Prof. S. Mohan, Department of Instrumentation, Indian Institute of Science, Bangalore for their help and suggestions in the design and fabrication of photoacoustic cell.

I am thankful to Prof. C.P. Girija Vallabhan, Director, International School of Photonics, Cochin University of Science and Technology, Cochin for his valuable suggestions in the present work. I am also thankful to
Dr. Johny Isaac, Lecturer, Department of Instrumentation and Nibu George, Research Scholar, Cochin University of Science and Technology, Cochin for their help in the literature collection.

I am extremely thankful to Prof. V.G.K.M. Pisipati, Director, Centre for Liquid Crystal Research and Education, Nagarjuna University, Nagarjuna Nagar, Guntur for providing the liquid crystal samples and the necessary guidance and valuable suggestions to carry out the research work.

I shall remain grateful to Dr. S. Lakshminarayana, Head: University Science Instrumentation Centre, Nagarjuna University, Nagarjuna Nagar, Guntur for his help and suggestions during my research work. I also thankful to Dr. P. Anjan Kumar, Sri B.V.S. Goud, Mr. M. Srinivasulu, Miss. P. Swathi and Dr. D.P. Ooja, Centre for Liquid Crystal Research and Education, Nagarjuna University, Nagarjuna Nagar, Guntur for their help and co-operation during my stay at Nagarjuna University.

I am grateful to Prof. D. Linga Reddy, Department of Physics, Osmania University, Hyderabad, Sri Kingi, Scientist, Sri Prasad, Scientist and Sri Venkat Narayana, Scientist, C.C.M.B., Hyderabad for their help and co-operation.

I am grateful to Prof. A.Varadarajulu, Prof. S. Venkata Naidu, Dr. K. Mohan Raju, Associate Professor and Dr. C. Chowdoju Rao, Associate Professor, Department of Polymer Science and Technology, Sri Krishnadevaraya University, Anantapur for their help during my research work.

I am extremely thankful to Sri C. Nagaraja, Assistant Professor, Department of Sri Krishnadevaraya University, Anantapur for his help, co-operation and valuable suggestions during my research work.

Dr. K.K.Azam Khan, Assistant Professor, Department of Sri Krishnadevaraya University, Anantapur receives a special note of thanks for his help, co-operation and valuable suggestions during my research work.
I would like to thank Sri S. Allabaksh, Assistant Professor, Dr. K. Nagabhushan Raju, Assistant Professor and Sri B. Rama Murthy, Assistant Professor, Department of Instrumentation, Sri Krishnadevaraya University, Anantapur for their help and co-operation.

I am thankful to Sri P. Sathyanarayana, M/s. Toshniwal Bros., Bangalore, Mr. Aswarthanarayana, and Mr. M. Srinivasulu, IISc., Bangalore for their help.

I also thankful to my friends Sri K. Sai Prasada Reddy, Mr. K.A. Madhusudan Goud, Sri G. Dhanunjaya, Sri G. Chandrasekhar Rao, Sri P. Sudharshanam, Sri S. Balaramaiah, Sri M. Obulesu, Sri K. Venkateswar Rao, Sri V. Sahadevan, and Sri M. Ganesh, University Science Instrumentation Centre, Sri Krishnadevaraya, University, Anantapur for their help and co-operation.

My sense of appreciation and thanks are due to my beloved students of M.Sc. Instrumentation Technology for their help in completing this work.

Words can not express my gratitude to my parents, brothers and sisters for their keen interest and encouragement throughout my academic career. My wife Smt. P. Devika deserves a special note of thanks for her constant encouragement throughout my research work. I am also thankful to our family friend, Sri C. Prabhakar for his help and encouragement.

I am also thankful to all my friends Sri K.A. Rama Mohan, Sri M. Tharanatha Sastry, Sri P. Karnuna Shankar, Sri M.V. Rama Murthy and Sri R.M. Rajasekhar for their help and encouragement.

My thanks are also due to the authorities of Sri Krishnadevaraya University, Anantapur for providing research facilities to carry out the research work.

P.BHASKAR
