ACKNOWLEDGEMENTS

The author expresses his sincere and profound sense of gratitude to his teacher and research supervisor, Dr. S. Brahmaji Rao, M.Sc., Ph.D. (Nagpur), Professor and Head of the Department of Chemistry, Sri Krishnadevaraya University, Anantapur, for his inspiring guidance and constant encouragement throughout the progress of the work.

The author thanks the Principal, Government College, Anantapur and the Director of Higher Education, Andhra Pradesh, Hyderabad for sending him on deputation for higher studies.

The author is grateful to the University Grants Commission, New Delhi for the award of long term Teacher Fellowship. He thanks the authorities of Sri Krishnadevaraya University, Anantapur for providing the necessary facilities to carry out the research work.

The author is thankful to staff and research scholars for extending necessary help and co-operation in preparing the thesis. He wishes to acknowledge the good will and encouragement extended by Dr. V.S.R. Rao.

The author is grateful to his parents with whose blessings and encouragement he set out on this project. He thanks his wife Mrs. Meghavijayal for helping him in many ways.
