ACKNOWLEDGEMENTS

I express my sincere thanks to the University of Burdwan for providing me with an opportunity to work as a research scholar of this University.

I am very much grateful to my Supervisor Dr. Debnarayan Bandopadhyay, Professor of English of this University, who has actively guided me in carrying on my research work with meticulous care, sympathy and inspiration all these years. I am also very much grateful to Dr. Anima Biswas, Professor of English of this University, who had always been a source of encouragement and inspiration to me. Thanks are also due to Dr. Angshuman Kar, Lecturer of English of this University and the other teachers of this department. I am indebted to Dr. G. B. Sural, Reader of English, Bankura Christian College, and Dr. Asit Biswas, also a Reader of Bankura Christian College, for their active help and co-operation. Thanks are also due to Prof. G. C. Layek of the Mathematics Department of B.U. for his active interest in my research work. I would also like to put on record my gratitude to the librarians and staff of the Kolkata National Library and B.U. Central Library for their kind assistance and co-operation.

I am deeply grateful to my mother Smt. Gita Mukhopadhyay whose blessings have always been a source of mental strength to me. I also recognise my debt to my late father Sri Hiranmoy Mukhopadhyay who had been the beacon-light in my life. I also acknowledge the encouragement from my brother and sister and their families.

Lastly, I acknowledge the ungrudging and loving support I received from my wife Munmun who spared me of the trouble of domestic responsibilities to a large extent. I also acknowledge the loving support and company of my little daughter Ritu and son Riju who, with their love and naïve interest in my work, sustained me during the years of my research.

Arnab Kisor Mukhopadhyay
