List of Tables

4.1 List of Schools Chosen for the Selection of Sample.................................................. 113
4.2 Break up of the Final Sample of Teachers for the Study of their Competency.............. 119
4.3 Number of Items under Different Dimensions causing Nonutilisation of Teacher Competency.......................... 123
5.1 Selected Factors Causing Nonutilisation of Teacher Competency................................. 142
5.2 Factors Selected under Personal Dimension Causing Nonutilisation of Teacher Competency.................................................. 145
5.3 Factors Selected under Institutional Dimension Causing Nonutilisation of Teacher Competency.............................................. 146
5.4 Factors Selected under Psychological Dimension Causing Nonutilisation of Teacher Competency.............................................. 147
5.5 Factors Selected under Sociological Dimension Causing Nonutilisation of Teacher Competency.................................................. 148
5.6 Teachers’ Responses to the Factors under Personal Dimension Causing Nonutilisation of Teacher Competency (N = 331)................................. 150
5.7 Teachers’ Responses to the Factors under Institutional Dimension Causing Nonutilisation of Teacher Competency (N = 331)................................. 151
5.8 Teachers’ Responses to the Factors under Psychological Dimension Causing Nonutilisation of Teacher Competency (N = 331)................................. 153
5.9 Teachers’ Responses to the Factors under Sociological Dimension Causing Nonutilisation of Teacher Competency (N = 331)................................. 155
5.10 Statistical Constants of the Factors under Personal Dimension Causing Nonutilisation of Teacher Competency (N = 331)................................. 157
5.11 Statistical Constants of Factors under Institutional Dimension Causing Nonutilisation of Teacher Competency (N = 331)................................. 158
5.12 Statistical Constants of Factors under Psychological Dimension Causing Nonutilisation of Teacher Competency (N = 331) 160
5.13 Statistical Constants of Factors under Sociological Dimension Causing Nonutilisation of Teacher Competency (N = 331) 162
5.14 Consolidated Results of the Statistical Constants of Factors under Various Dimensions Causing Nonutilisation of Teacher Competency (N=331) 163
5.15 Confidence Interval and Variability of Population Mean and Standard Deviation of the Response Scores for Factors under Personal Dimension Causing Nonutilisation of Teacher Competency (N= 331) 165
5.16 Confidence Interval and Variability of Population Mean and Standard Deviation of the Response Scores for Factors under Institutional Dimension Causing Nonutilisation of Teacher Competency (N= 331) 167
5.17 Confidence Interval and Variability of Population Mean and Standard Deviation of the Response Scores for Factors under Psychological Dimension Causing Nonutilisation of Teacher Competency (N= 331) 170
5.18 Confidence Interval and Variability of Population Mean and Standard Deviation of the Response Scores for Factors under Sociological Dimension Causing Nonutilisation of Teacher Competency (N= 331) 173
5.19 Consolidated Table showing the Confidence Interval and Variability of Population Mean and Standard Deviation of the Response Scores for Factors under Various Dimensions Causing Nonutilisation of Teacher Competency (N= 331) 174
5.20 Teachers' Responses to the Factors under Personal Dimension Causing Nonutilisation of Teacher Competency (N =331) 176
5.21 Factors under Personal Dimension Identified as Causing Nonutilisation of Teacher Competency

5.22 Teachers’ Responses to the Factors under Institutional Dimension Causing Nonutilisation of Teacher Competency (N = 331)

5.23 Factors under Institutional Dimension Identified as Causing Nonutilisation of Teacher Competency

5.24 Teachers’ Responses of the Factors under Psychological Dimension Causing Nonutilisation of Teacher Competency (N=331)

5.25 Factors under Psychological Dimension Identified as Causing Nonutilisation of Teacher Competency

5.26 Teachers’ Responses to the Factors under Sociological Dimension Causing Nonutilisation of Teacher Competency (N=331)

5.27 Factors under Sociological Dimension Identified as Causing Nonutilisation of Teacher Competency

5.28 Multiple Regression Analysis for the Relationship between Personal Dimension and Extraneous Variables

5.29 Multiple Regression Analysis for the Relationship between Institutional Dimension and Extraneous Variables

5.30 Multiple Regression Analysis for the Relationship between Psychological Dimension and Extraneous Variables

5.31 Multiple Regression Analysis for the Relationship between Sociological Dimension and Extraneous Variables

5.32 Correlation Matrix of Personal Dimension

5.33 Unrotated Factor Matrix of Personal Dimension

5.34 Correlation Matrix of Institutional Dimension

5.35 Rotated Factor Matrix of Institutional Dimension
5.36 Correlation Matrix of Psychological Dimension 210
5.37 Rotated Factor Matrix of Psychological Dimension 212
5.38 Correlation Matrix of Sociological Dimension 217
5.39 Rotated Factor Matrix of Sociological Dimension 218
