
aczel, j. (1966) lectures on functional equations and their applications, academic press inc, new york.

alice, t. and jose, k.k. (2002a) bivariate marshall- olkin semi-weibull distributions and autoregressive processes, statistical papers (under revision).

alice, t. and jose, k.k. (2002b) marshall- olkin pareto processes, far east journal of theoretical statistics (to appear)

alice, t. and jose, k. k. (2002c) bivariate semi – pareto minification processes, metrika (to appear)

arnold, b. c. (1983) pareto distributions, international co-operative publishing house, new york.

arnold, b. c. (1989) a logistic process constructed using geometric minimization, statist. prob. letters, 7, 253-257.

arnold, b. c. (1993) logistic processes involving markovian minimization. commun. statist.-theory meth., 22(6),1699-1707.

arnold, b. c. and hallett, j. t. (1989) a characterization of the pareto process among stationary stochastic processes of the form $x_n = c \min(x_{n-1}, y_n)$.

statist. prob. letters, 8, 377-380.

arnold, b. c. and robertson, c. a. (1989) autoregressive logistic processes, j. appl. prob., 26, 524-531.

Schuster, A. (1906) On the periodicities of sunspots, *Phil. Trans. R. Soc.*, Ser; A,
