The management of Mar Thoma College for Women, Perumbavoor has always promoted scholarly pursuits. The principal Smt. Mariam Kuruvilla Joseph and other colleagues extended timely support.

The family of a researcher must bear the brunt of unstable moods, upset schedules and temper tantrums. But for the infinite patience and loving persuasion of my husband Mr. Jacob P. Oommen, this work would remain incomplete. My children Jeeva and Liviya surprised me with their saintly tolerance.

This work has helped me to know my limitations and myself. I thank God Almighty for the strength and confidence I have drawn from Him.
