ACKNOWLEDGEMENT

I am particularly indebted to my respected guide Dr. Sattar Husain, Professor, Department of Chemical Engineering, Zakir Husain College of Engineering and Technology, Aligarh Muslim University, Aligarh. The present research work is the result of his inspiration, guidance and more than that the innovative ideas. With profound sense of respect, I record my gratitude to him. He has not only polished me with his invaluable preserving guidance but also instilled confidence in me to complete this research work.

I am grateful to Dr. Mohammad Idrees, Chairman, Department of Chemical Engineering, for providing me the necessary facilities of the department to carry out the research work.

I am also grateful to Dr. Syed Akhlaq Ahmad, Dr. Mohammad Junaid Khalil, Mr. Naseem Ahmad Khan, Mr. M. Abdul Hakim, Mr. Sadaf Zaidi, Ms. AishatuI Bushra, Dr. Sheeba Jilani and Mr. Raunaq Hasib, Department of Chemical Engineering, Zakir Husain College of Engineering and Technology, A.M.U, Aligarh for their constant invigoration at each stage which enthused my work spirits.

It will be unfair on my part if I do not convey my thanks to Dr. B.D. Agarwal, Mineral oil Corporation, Kanpur for his timely help. I would like to acknowledge that the greatest role has been of my parents, family members, who have helped me to cultivate the systems of values and instincts that shall always enlighten my path all these living years.
Nothing would have possible without the help of my friends Mr. Pallav Singh, Mr. Rishi Pal Singh, Mr. Absihak Kumar and Mr. Nirmal Kumar.
