Acknowledgement

First and foremost, praises and thanks to the God, the almighty, the lord of the universe, the beneficent, the merciful, the passionate and to whom I owe my very existence for providing me this opportunity and granting me the endurance to proceed successfully. I am immensely grateful to ALLAH, ta'ala for blessing me the bounty for accomplishing this work.

I wish to record my deep sense of respectful indebtedness and gratitude to my esteemed supervisor Dr. Subuhi Khan, Associate Professor, Department of Mathematics, Aligarh Muslim University, Aligarh. I am highly thankful for her invaluable supervision, warm encouragement, thoughtful guidance, insightful discussion, critical comments and correction of the thesis. It is really impossible for me to express in few sentences, my respect and recognition for her motivating and compassionate attitude.

I am also thankful to Prof. Zafar Ahsan, Chairman, Department of Mathematics, Aligarh Muslim University, Aligarh for providing me all the necessary departmental facilities for the accomplishment of this work. I am grateful to all my teachers in the department for constructive inspiration.

I also want to avail the opportunity for expressing profound gratitude to Dr. Kaleem Raza Kazmi, Associate Professor, Department of Mathematics, Aligarh Muslim University, Aligarh for offering valuable advice, support and continuous motivation throughout the period of study. I articulate my deep appreciation and gratitude for his cooperative attitude.

It gives me an immense pleasure to express my indebtedness to my parents for their love, support, prayers, caring and selfless sacrifices for educating and preparing me for future. I am very grateful for their sincere efforts and constant encouragement to enable me to overcome any challenging situation. I also offer my heartfelt thanks to my brother, Mr. Mohammad Baquir and sister, Ms. Samana Asghar for their love, care, support and prayers.
Although, I have lived far from my husband, Mr. S. Mansoor Ali, but communication with him, provided me moral and emotional support throughout the whole period of study. I express my special thanks to him for continuous support and his keen interest in thesis. To be able to step strong and smooth in the accomplishment of this task, I have also been supported by my parents in law, brother in law Mr. Masood Ali and sister in law Ms. Juhi Ali to whom I would like to express my deepest gratitude. I am also thankful to all my relatives and well wishers, space doesn’t allow me to mention their names.

Thanks are also due to all my seniors, colleagues and friends with a special reference to Dr. Ahmed Ali Al-Gonah, Dr. Ghazala Yasmin, Dr. Naeem Ahmad, Mr. Mohammad Asif, Mr. Salahuddin Khan, Mr. Shuja Haider Rizvi, Ms. Benazir Zia and Ms. Firdousi Begum.

I am thankful to University Grants Commission (UGC), New Delhi, India for providing me financial assistance in the form of NET Senior Research Fellowship (NET-SRF) during the course of this study.

I would like to thank the staff members of the department for their kind help.

Finally, my thanks go to all the people who have supported me to complete the research work directly or indirectly.
