   4.2.1 Demographic characteristic
   4.2.2 Social characteristic
   4.2.3 Economic characteristic
4.3 Literature on Quality of urban life

Chapter 5  Residential structure of Moradabad city  148-186

5.1 Variable selected
5.2 Factor structure
   5.2.1 Factor Loading 1 (Housing and occupational structure)
   5.2.2 Factor Loading 2 (Demographic and family structure)
   5.2.3 Factor Loading 3 (Amenities and infrastructure)
   5.2.4 Factor Loading 4 (General environmental status)
   5.2.5 Factor Loading 5 (Territorial stress)
5.3 Spatial Pattern of residential structure of Moradabad city
   5.3.1 Factor score 1 Housing and occupational structure
   5.3.2 Factor score 2 Demographic and family structure
   5.3.3 Factor score 3 Amenities and infrastructure
   5.3.4 Factor score 4 General environmental status
   5.3.5 Factor score 5 Territorial stress

Chapter 6  Quality of urban life in Moradabad city  87-218

6.1 Variable selected
6.2 Factor structure
   6.2.1 Factor Loading 1 (Socio-economic status)
   6.2.2 Factor Loading 2 (Housing congestion and material status)
   6.2.3 Factor Loading 3 (Female participation)
   6.2.4 Factor Loading 4 (Socio-cultural status)
   6.2.5 Factor Loading 5 (Education and recreation)
6.3 Spatial pattern of Quality of urban life

6.3.1 Factor score 1 Socio-economic status
6.3.2 Factor score 2 Housing congestion and material status
6.3.3 Factor score 3 Female participation
6.3.4 Factor score 4 Socio-cultural status
6.3.5 Factor score 5 Education and recreation

Conclusion 219-227
Bibliography 228-233
Appendixes 234-241
