Acknowledgements

First and foremost, I must bow in reverence to Almighty 'ALLAH' the cherisher and the sustainer to whom we entirely owe our all capabilities, strength, courage and knowledge without his blessings nothing can be done. Also, I can not forget the ideal man of the world and the most respectable personality for whom Allah created the whole universe, Prophet Muhammad al-Mustafa, Sallallahu 'alaihi wa Sallam'.

I express my extreme gratitude to my learned supervisor Dr. Shakir Ali, Department of Mathematics, Aligarh Muslim University, Aligarh, who remains an unfailing source of inspiration throughout. His excellent guidance, sympathetic attitude, constant encouragement and logical suggestions proved very helpful. Under his guidance, I successfully overcame many difficulties and learned a lot. He has been a steady influence throughout my Ph.D. career, he has oriented and supported me with promptness and care, and have always been patient and encouraging in times of new ideas and difficulties. I am deeply beholden to him from the inner core of my heart.

I feel honoured to put on record my profound thanks to Professor Mohammad Ashraf, Department of Mathematics, Aligarh Muslim University, Aligarh who has always been a source of inspiration and encouragement for me. He constantly reprimanded me to hard work. The discussions I had with him, were invaluable and played a major role in making me to understand the subject.

I avail this opportunity to express my sincere thanks to Dr. (Mrs.) Asma Ali and Dr. Nadeem ur Rehman for their encouragement and inspiration.

I also wish to thank Professor Zafar Ahsan, Chairman, Department of Mathematics, Aligarh Muslim University, Aligarh for providing me various departmental facilities whenever it seems feasible.

I would like to express my deepest gratitude and heartfelt thanks to my seniors Dr. Muzibur Rahman Mozumder and Mr. Aslam Siddeeque who had gone through
the entire text and pointed out many omissions and errors beside suggesting several improvements. Their friendly advices and critical remarks deserve rare appreciation. I also express my thankfulness to my fellow researchers especially Mr. Nadeem Ahmad Dar, Mr. Abdul Nadim Khan, Ms. Nazia, Ms. Tarannum Bano, Ms. Sana Khan, Mizanur Rahman, Ghulam Mohammad and Mr. Arif for their support, motivation and selfless help in all my efforts.

Thanks are also due to all my friends especially to Mr. Malik Rashid Jamal, Dr. Mohammad Khalid Rafat Khan, Mr. Asif Khan, Dr. Fahad Sikander, Dr. Ziauddin Khan, Mr. Shuja Haider Rizvi, Mr. Mohammad Shuaib, Dr. Noman Ahmad, Dr. Akram, Mr. Mohammad Furquan Pasha, Dr. Sabiha Tabassum and Mrs. Anupam Sharma for their kind support, valuable suggestions and care in my research and personal life. I find myself lucky to have friends like them in my life.

I wish to express my thanks to all my colleagues particularly to Mrs. Firdousi Begum, Dr. Mohammad Dilshad, Mr. Phool Miyan and Mrs. Nusrat Raza who spared their valuable time to go through this manuscript either partly or completely and also made some worthwhile suggestions. Sincere thanks are also due to Ms. Tanveer Fatima, Mr. Mohammad Farid, Mr. Subair Kuniyil and Mohd. Akram for their constant involvement and all kind of assistance with love, encouragement and guidance.

At last but certainly the most, I am greatly indebted to my parents, brothers and sisters for their continuous and constant encouragement and above all for their moral support especially in the period of doubt and despair. I always fall short of words and felt impossible to describe their support in words. I also avail this opportunity to express my thanks to all my well wishers whose names could not be mentioned due to the limitation of the space.

Finally, I owe a deep sense of gratitude to Council of Scientific and Industrial Research (CSIR) for providing me financial assistance in the form of Research Fellowship.

At last, I would like to pay my warmest tribute to my glorious and esteemed institute, Aligarh Muslim University, Aligarh.
