CONTENTS

Preface

1. Introduction 1-50
   a. Definition of Diversification in Indian Automotive Tyre Industry
   b. Growth & Structure of Indian Automotive Tyre Industry

2. Trends in Production, Consumption, Price & Capacity
   Utilization 51-88
   a. Overall Outlook of Indian Automotive Tyre Industry
   b. Replacement Market

3. Technology Challenges in Indian Automotive Tyre Industry 89-164
   a. R & D / Engineering Technology
   b. Product & Process Innovation

4. Why Tyre Manufacturers Diversified 165-193
   a. Reasons of Diversification (Internal)
   b. Rival’s Current Business Strategies (External)
5. Why Tyre Manufacturers Not Diversified 194-254
   a. Demand Supply Gap
   b. Economics of Large Scale Production

6. Performance of Diversified Firms in Comparison of Non-Diversified 255-300
   a. A Compassion of Two Decades Performance
   b. The SWOT Analysis
   c. Review of Performances

7. Consolidation of the Indian Automotive Tyre Industry 301-333

8. Conclusion 334-352
