Chapter I: Conceptual Background 1 ..... 25

1.0 Introduction.
1.1 Concept of Urban Environment.
1.2 Concept of Urban Morphology, Development and Planning.
1.3 Concept of Holistic Environment.
1.4 Urban Development Plans in India – Strategies and Approaches.
1.5 Identification of Problems.
1.5.1 Problems related to Mining.
1.5.2 Problems related to Industries.
1.5.3 Municipal Problems.
1.5.3.1 Increase in Population.
1.5.3.2 Non-availability of Urban Amenities.
1.5.3.3 Core Periphery Differentials.
1.5.3.4 Slums and Squatters.
1.5.4 Socio-economic Problems.
1.5.4.1 Unemployment.
1.5.4.2 Poverty.
1.5.4.3 Prevalence of Diseases.
1.5.4.4 Crime and Juvenile Delinquency.
1.6 Significance of Impact Analysis.
1.7 Aims of the Study.
1.8 Objectives of the Study.
1.9 Organization of the study.
1.10 Rationale.
1.11 Hypothesis.
1.12 Overview of literature.
1.13 Methodology.
1.14 Limitations.

Chapter II: The Study Area

2.0 Introduction.
2.1 Location and Extent.
2.2 Geology.
2.2.1 Succession.
2.2.2 Faults and Dykes.
2.3 Relief.
2.4 Drainage.
2.4.1 River Damodar.
2.4.2 River Barakar.
2.4.3 River Ajoy.
2.5 Climate.
2.6 Geohydrology.
2.6.1 Ground Water.
2.6.2 Fluctuations of Water Table.
2.7 History of Mining Operation.
2.7.1 Early Traces.
2.7.2 Mining by Europeans & Indians.
2.7.3 Government Intervention.
2.7.4 Nationalization of Coal Mines.
2.7.5 Post-Nationalization Period.
2.7.6 Outsourcing of Mines.
2.7.7 Patch Mining.
2.8 History of Industrial Expansion.
2.8.1 Chronological Account.
2.8.2 Types of Industries.
2.8.3 Industrial Scenario in the Seventies.
2.8.4 Development of Small Scale and Ancillary Industries.

2.8.5 Constraints.

2.9 Conclusion.

Chapter III: Availability and Utilization Of Resources

3.0 Introduction.

3.1 Land and Soil.

3.1.1 Basic Resource.

3.1.2 Soil types.

3.1.3 Land Resource.

3.1.4 Balance Disturbed.

3.1.5 Water Resource.

3.2 Surface Water.

3.2.1 Mine Water.

3.2.1.2 Damodar.

3.2.1.3 Ajoy.

3.2.1.4 Other Sources.

3.2.1.5 Ground Water.

3.3 Biotic Resource.

3.3.1 Revenue Earned.

3.4 Mineral Resources.

3.5 Industrial Resources.

3.5.1 Indian Iron & Steel Company.

3.5.2 Burn Standard Wagons.

3.5.3 Hindustan Cables.

3.5.4 Bengal Paper Mill.

3.5.5 Chittaranjan Locomotive Works.

3.5.6 Cycle Corporation of India.

3.5.7 Reckitt & Colman.

3.5.8 Hindustan Pilkington Glass Works.

3.5.9 Carew & Company.

3.5.10 Jay Kay Nagar Alucoin Industries.
3.5.11 Indian Oxygen.
3.5.12 Other Industries.
3.6 Human Resources.
3.6.1 Decadal Growth Rate.
3.6.2 Population Composition.
3.6.3 Population Density.
3.6.4 Age – Sex Composition.
3.6.5 Level of Literacy.
3.6.6 Occupational Structure.
3.6.6.1 Predominance of Tertiary Sector.
3.6.6.2 Dominant and Distinctive Functions.
3.6.7 Migration Pattern.
3.6.7.1 Migration in Asansol Region.
3.7 Conclusion.

Chapter IV: Land Utilization Pattern

4.0 Introduction.
4.1 Pre-Mining and Industrial Period.
4.2 Era of Mining and Industrial Period.
4.2.1 Ruhr of India.
4.2.2 Present Land-Use Pattern.
4.3 Agricultural Pockets.
4.3.1 Monocropping.
4.3.2 Total Cropped Area.
4.4 Mining Belt.
4.4.1 Changes Initiated.
4.5 Urban Industrial Landscape.
4.5.1 Twin Processes.
4.5.2 Industrial Growth.
4.5.3 Urban Growth.
4.5.4 Landscape Character.
4.5.5 Distinct Imprint.
4.6 Urban Morphology.
4.6.1 Connotation of Urban Morphology.
4.6.2 Determinants of Urban Growth.
4.6.3 Urban Forms.
4.6.4 Town Morphology.
4.6.4.1 Morphology of Planned Towns.
4.6.4.2 Contrast between Planned and Unplanned Urban Landscape.
4.7 Recent Trend.
4.7.1 Immediate Concern.
4.7.2 Rank Size Rule.
4.7.2.1 Urban Hierarchy.
4.7.3 Break Point.
4.7.3.1 Sphere of Influence.
4.7.4 Concentration of Urban Population.
4.7.4.1 Plausible Reason.
4.8 Conclusion.

Chapter V: Problems Due To Mining Activity

5.0 Introduction.
5.1 Land Subsidence.
5.1.1 Alarming Situation.
5.1.2 Raniganj Coalfield.
5.1.3 Restrictive Rules.
5.1.4 Difficulties Faced.
5.1.5 Subsidence in Non-Residential Areas.
5.1.5.1 Planned subsidence.
5.1.6 Unsafe Areas.
5.1.7 Extent of Area Affected.
5.2 Lowering of Ground Water Table.
5.2.1 Plausible Reasons.
5.3 Overburden Dumps.
5.3.1 Usual Hazard.
5.3.2 Composition of Overburden Dumps.
5.3.3 Impact of Rains.
5.4 Mine Fire.
5.4.1 One of the Major Problems.
5.4.2 History of Mine Fire.
5.4.3 Spontaneous Heating.
5.4.4 Character of Indian Coalfields.
5.4.5 Fire Affected Areas.
5.4.6 Mine Fire Related Problems.
5.5 Land Degradation.
5.5.1 Types of Mining.
5.5.2 Open Cast Mining.
5.5.3 Problems due to Open Cast Mining.
5.5.4 Problems due to Underground Mining.
5.6 Dereliction of Land.
5.6.1 Disturbance of Land.
5.7 Air Pollution.
5.7.1 Sources of Pollutants.
5.7.2 Ambient Air Quality.
5.7.2.1 Suspended Particulate Matter.
5.7.2.2 Oxides of Sulphur and Nitrogen.
5.7.2.3 Norms and Level.
5.8 Water Pollution.
5.8.1 Contamination of Mine Water.
5.8.2 Surface Water Quality.
5.8.2.1 Suspended Solid.
5.8.2.2 Spillage from Residue.
5.8.2.3 Oil and Grease.
5.9 Undesirable noise and vibration.
5.9.1 Sources of Noise.
5.9.2 Noise level.
5.9.3 Vibration.
5.10 Sand Quarrying.
5.10.1 Sand Stowing.
5.10.2 Physical and Socio-Economic Condition changes.
5.10.3 Source of Pollution.
5.11 Water Logging.
5.11.1 Causes of Water Logging.
5.12 Deforestation.
5.13 Visual Intrusion.
5.14 Conclusion.

Chapter VI: Problems Due to Industrial Activity

6.0 Introduction.
6.1 Air Pollution.
6.1.1 Growing Problem.
6.1.2 Major Polluters.
6.1.3 Nature of Pollutants.
6.1.4 Non-Compliance.
6.2 Water Pollution.
6.2.1 Effluent Treatment.
6.2.2 Dihika and Damra.
6.2.3 River Nunia.
6.3 Noise Pollution.
6.3.1 Industrial Noise.
6.3.2 Discomfort and Pollution.
6.4 Industrial Sickness.
6.4.1 Industrial Stagnation.
6.4.2 Reasons.
6.4.3 Overall Industrial Scenario.
6.5 Conclusion.
Chapter VII: Problems Due To Urbanization

7.0 Introduction.
7.1 Housing.
7.1.1 Factors Influencing Housing Condition.
7.1.2 Covered Area.
7.1.3 Number of Rooms.
7.1.4 Type.
7.1.5 Nature of Dwelling Units
7.1.6 Rent.
7.1.7 Kitchen type.
7.1.8 Dismal Condition.
7.1.8.1 Household.
7.1.8.2 Reasons.
7.2 Sanitation.
7.2.1 Sanitary Practice.
7.2.2 Problem not Addressed.
7.2.3 Factors of Unhygienic Sanitary Practices.
7.2.4 Due Attention Required.
7.3 Deteriorating Water Quality.
7.3.1 Potential Carriers.
7.3.2 Water Samples.
7.3.3 Treated Water Shortage.
7.3.4 Negligent Administration.
7.3.5 River Damodar.
7.3.6 Water Quality Monitoring.
7.4 Scarcity of Water.
7.4.1 Areas.
7.4.2 Sources.
7.4.3 Causes of Water Crisis.
7.4.3.1 Hydrostatic Balance.
7.4.4 Measures to be Adopted.
7.5 Air Pollution.
7.5.1 Ambient Air Quality.
7.5.2 Concentration of Pollutants.
7.5.3 Vehicular Pollution.
7.5.4 Combustion of Coal.
7.5.5 Sponge Iron Factories.
7.5.6 Air quality management.
7.6 Sewerage.
7.6.1 Inadequate Sewerage System.
7.6.2 Waste Water.
7.6.3 Drainage.
7.6.4 Upgradation Required.
7.6.5 Lack of Vision and Planning.
7.7 Solid Waste Disposal.
7.7.1 Solid Waste.
7.7.2 Bio-medical Waste.
7.7.3 Sources of Pollution.
7.7.4 Dismal Situation.
7.7.5 Municipal Act, 1993.
7.8 Slums and Squatters.
7.8.1 Definition of Slum.
7.8.2 Safe heaven.
7.8.3 Impediments.
7.8.4 Approach to the Problem.
7.8.5 ADDA Report.
7.8.6 Present Approach.
7.8.7 Unauthorized Settlement.
7.8.8 Accommodation for Migrants.
7.9 Transport Problem.
7.9.1 Importance of Transport.
7.9.2 Problems Identified.
7.9.3 Other Problems.
7.9.4 Traffic Management and Engineering Measures.
7.10 Unemployment.
7.10.1 Unemployment Scenario.
7.10.2 Causes of Unemployment.
7.10.3 Reduction in Manpower.
7.10.4 Decline in Coal Production.
7.10.4.1 Quota system.
7.10.5 Rural Sector.
7.11 Conclusion.

Chapter VIII: Human Impact Analysis

8.0 Introduction.
8.1 Land.
8.1.1 Visual Impact.
8.1.2 Land Use Changed.
8.1.3 Problem of Unemployment and Underemployment.
8.1.4 Indifference to Agricultural Activity.
8.1.5 Apprehension.
8.2 Air.
8.2.1 Deterioration of Air Quality.
8.2.2 Air purification Hindered.
8.2.3 Chronic Degradation of Man and Resource.
8.3 Water.
8.3.1 Water Scarcity.
8.3.2 Alarming Status of Water Quality.
8.3.3 Change in Braiding Pattern of Damodar.
8.4 Life Line of Asansol Belt.
8.5 Plant.
8.5.1 Species Almost Extinct.
8.5.2 Effect of Fire.
8.6 Noise and Vibration.
8.6.1 Impact of Noise.
8.6.2 Impact of Vibration.
8.6.3  Noise Induced Hearing Loss.
8.7   Health.
8.7.1  Health Hazards.
8.7.2  Chemicals Related.
8.7.3  Dust Related Diseases.
8.7.4  Physical Conditions.
8.7.4.1 Noise.
8.7.4.2 Heat.
8.7.4.3 Vibration.
8.7.4.4 Stress.
8.7.4.5 Community Health.
8.8   Poverty.
8.8.1  Scope for Action.
8.8.2  Planning Commission’s Approach.
8.8.3  Operational Definition.
8.8.4  Population below Poverty Line.
8.8.5  Calorie Intake.
8.8.6  Issue of Major Concern.
8.8.7  Morbidity Load.
8.8.8  Non-Percolation of Benefits.
8.9   Crime.
8.9.1  Crime Defined.
8.9.2  Causative Factors of Crime.
8.9.2.1 Physical.
8.9.2.2 Sociological.
8.9.2.3 Aria! Differences.
8.9.2.4 Population Categories.
8.9.2.5 Heredity Factor.
8.9.2.6 Environmental Factor.
8.9.3  Change of Crime type.
8.9.4  Unauthorized Mining and Trafficking of Coal.
8.9.5  Rise in Delinquent Activities.
8.9.6 Juvenile Delinquency.
8.9.7 Border Area Crime.
8.9.8 Crime of the Industrial Belt.
8.9.9 Rural Sector Crime.
8.9.10 White-Collar Crime.
8.9.11 Rise in Criminal cases.
8.9.12 Iron Triangle.
8.10 Psychological Impact.
8.10.1 Uncertain Future.
8.10.2 Mental well-being Retarded.
8.11 Culture.
8.11.1 Population Composition.
8.11.2 Agglomeration of Communities.
8.11.3 Festivals.
8.11.4 Language.
8.11.5 Movies.
8.11.6 Cosmopolitan Culture.
8.12 Recreation and Entertainment.
8.13 Reports of Study Groups.
8.14 Conclusion.

Chapter IX: Case Studies

9.1 Asansol City
9.1.0 Introduction.
9.1.1 Field Study.
9.1.2 Occupational Structure.
9.1.3 Income Structure and Consumer Durables.
9.1.4 Major Problems Faced.
9.1.4.1 Shrinking Job Opportunity.
9.1.4.2 Water crisis.
9.1.4.3 Pollution.
9.1.4.4 Subsidence.
9.1.4.5 Deteriorating Law and Order Situation.
9.1.5 Rating of Urban Amenities.
9.1.6 Reasons for Favouring Increase in Mining and Industrial activity.
9.2 Conclusion.

9.2 Raniganj
9.2.0 Introduction.
9.2.1 Field Study.
9.2.2 Occupational Structure.
9.2.3 Income Structure and Consumer Durables.
9.2.4 Major problems.
9.2.4.1 Shrinking Job opportunity.
9.2.4.2 Water Crisis.
9.2.4.3 Subsidence.
9.2.4.4 Pollution.
9.2.4.5 Deteriorating Law and Order Situation.
9.2.5 Rating of Amenities/Facilities.
9.2.6 Basic Facilities in Rural Areas.
9.2.7 Reasons for Favouring Increase in Mining and Industrial activities.
9.3 Conclusion.

Chapter X: Planning

10.0 Introduction.
10.1 Planning for Mining Area.
10.1.1 Wide Ranging Impact.
10.1.2 Land Reclamation.
10.1.3 Open Cast Mining.
10.1.4 Water Regime.
10.1.5 Air Pollution.
10.1.6 Noise pollution.
10.1.7 Vibration.
10.1.8 Visual impact.
10.1.9 Dhaorahs.
10.1.10 Resettlement.
10.1.11 Small and Marginal Peasantry.
10.1.12 Improvement of Women-folk.
10.1.13 Pollution Control Board.
10.1.14 Master Plan.
10.1.15 Illegal Mining and Trafficking.
10.1.16 Human and Social Cost.
10.1.17 Construction in Unsafe Areas.
10.2 Planning for Industrial Development.
10.2.1 Industrial Strategy.
10.2.2 SEED.
10.2.3 Development of Infrastructure.
10.2.4 Aggressive Industrialization Policy.
10.2.5 Sick Units.
10.2.6 Small Scale Industries.
10.2.7 Medium and Large Scale Industries.
10.2.8 Ancillary Industries.
10.2.9 Social Amenities and Facilities.
10.2.10 Financial Aid.
10.2.11 Compliance with Environmental Laws.
10.2.12 Monitoring Wage Rates.
10.3 Planning for Transport System.
10.3.1 Roads.
10.3.2 Railways.
10.3.3 Environmental Aspect.
10.4 Infrastructural Development Action for Health.
10.4.1 Infrastructure.
10.4.2 Occupational Health.
10.4.3 Joint Committee.
10.4.4 More Hospitals.
10.4.5 Educating Common Mass.
10.5 Sustainable Land-use Planning.
10.5.1 Zonation of Land.
10.5.2 Ecological Parks.
10.5.3 Relocation of Activities.
10.5.4 Water Bodies Endangered.
10.5.5 Judicious Use.
10.6 Plan to Deal with Crime and Delinquent Behaviour.
10.6.1 Put an End to Mafia Rule.
10.6.2 Infrastructural Set-up.
10.6.3 Grievance Cell for Women.
10.6.4 Vigilant Police.
10.6.5 Mass Propaganda.
10.6.6 Win Back the Delinquents.
10.7 Slum Development and Poverty Alleviation Measures.
10.7.1 Housing.
10.7.2 Employment.
10.7.3 Upliftment of the Aged.
10.7.4 Provision of Urban Amenities.
10.8 Quality of Life and Environmental Protection.
10.8.1 Objectives.
10.8.2 Regular Monitoring and Review.
10.8.3 Curbing Vehicular Pollution.
10.8.4 Water Scarcity and Water Quality.
10.8.5 Miscellaneous Measures.
10.9 Conclusion.

Chapter XI: Summary and Conclusion

11.1 Summary of the Work.
11.2 Critical Appreciation of Policies and the Role of Local Administrative Bodies.
11.2.1 Critical Appreciation of Environmental Policies.
11.2.2 Critical Appreciation of the Policy on Subsidence and Mine Fire.
11.2.2.1 Various Committees.
11.2.2.2 Hydraulic Stowing.
11.2.2.3 Strategies.
11.2.2.4 Updated Master Plan.
11.2.3 Critical Appreciation of Freight Equalization Policy.
11.2.4 Critical Appreciation of Poverty Alleviation Measures.
11.2.4.1 Public Distribution System.
11.2.4.2 Women and Children.
11.2.4.3 Non-Governmental Organization.
11.2.4.4 Long and Short Term Strategy.
11.2.5 Critical Appreciation of the Role of Local Self Governments.
11.2.5.1 Urban Amenities.
11.2.5.2 Rural Basic Facilities.
11.2.5.3 Level of Development.
11.2.6 Critical Appreciation of the Role of ADDA.
11.2.6.1 Paucity of Finance.
11.2.6.2 Coal Resource Blocked.
11.3 Institutional Facilities.
11.3.1 Mining Concern.
11.3.2 Industrial Houses.
11.4 Conclusion.
