

## PREFACE

The work incorporated in the present thesis titled “Charge Transfer Interactions Involving Molecules of Pharmaceutical Importance” was carried out by me in the Department of Chemistry, The University of Burdwan, India.

I take this opportunity to express my regards and deep sense of gratitude to my supervisor Dr. Asok K. Mukherjee, Professor, Department of Chemistry, The University of Burdwan. His constant inspiration, affectionate guidance and valuable advice for research helped me to complete the Ph.D. work.

I also express my gratitude to Dr. G. P. Sarkar, Chairman of Allen Laboratories Ltd. for his constant encouragement and all sorts of academic help.

I am grateful to the authorities of The University of Burdwan for providing me the laboratory facilities.

Finally, I must thank my wife, Uma, and children, Tiasha (daughter) and Ushnish (son) without whose cooperation and encouragement this work could not be complete.
