REFERENCE / BIBLIOGRAPHY

BOOKS

Aboucher, Alan (); Transportation Economics and Public Policy (with urban extension)

Adler, Hans A. (1987); Economic Appraisal of Transport Projects; a manual with case studies; Published for the World Bank by John Hopkins University Press, United States.

Aichison, John; Brown, James & Calvert, Alan (1963); The Lognormal Distribution with special references to its users in Economics; Cambridge; The University Press, Great Britain.

Aichison, John (1970); Choice Against Chance—an introduction to Statistical Decisions; Reading Mass (etc), Addison Wesley, United States.

Antia, F.P. (1963); Transport Situation in India; Faculty of Commerce, The M.S. University of Baroda, Baroda, India.

Barra, Tomas de la [1946-- ]( 1989); Integrated Land-use and Transport Modelling: Decision chains and hierarchies; Cambridge University Press, Great Britain.

Bell, Michael G.H.; Lida, Yashunori (1997); Transportation Network Analysis; John Wiley, Great Britain.

Bonavia, Michael Roberts (1936); The Economics of Transport.....with an introduction by J.M.Keynes, etc.; Cambridge Economic Handbook, No. 9.

Borsch-Supan, Axel (1987); Econometric Analysis of Discrete Choice—with application on the Demand for Housing in the U.S. and West Germany; Springer-Verlag; Hiedelberg, Berlin.

Chipman, John S.;McFadden, Daniel; Richter, Marcel K. (1990); Preferences, Uncertainty and Optimality; essays in honor of Leonid Hurwicz; Boulder Colo: West View Press.

Cramer, J.S. (1986); Econometric Applications of Maximum Likelihood Methods; Cambridge University Press, London.

Daganzo, Carlos (1979); Multinomial Probit; The theory and its application to Demand Forecasting; New York (etc.), Academic Press.

(1999); Logistic System Analysis; New York: Springer Verlag.

Dickey, John W. (1975); Metropolitan Transportation Planning;

Domencich, Thomas A. & McFadden, Daniel (1975); Urban Travel Demand: a behavioral analysis;

Florian, M.A. {edited} (1976); Traffic Equilibrium Methods; Proceedings—International Symposium on Traffic Equilibrium Methods, Montreal, 1974; Springer Verlag.

Foster, Christopher David ( ); The Transport Problem;

Ganguli, D.S. (1979); Regional Economy of West Bengal: a study of urbanization, growth potential and optimization of industrial location; Orient Longman Ltd., Calcutta.

Gartner, Nathan H. and Wilson, Nigel H.M. (edited); International Symposium on Transportation and Traffic Theory 10th, Jul. 8—10, MIT, Cambridge, Massachusetts.

Gijsbertus, R.M. Jansen; Nijkamp, P. & Ruijgrok {edited} (1985); Transportation and Mobility in an era of Transition; Elsevier Science Publications B.V. (North Holland).

Gourieroux, Christian ( ); Econometrics of Qualitative Dependent Variables (translated by Paul B. Klassen); Cambridge University Press.

Gunston, Bill (1972); Transport: Problems and Prospects; London, Thames and Hudson.

Gwilliam, Kenneth Mason and Mackie, Peter John (1975); Economic and Transport Policy; George Allen & Unwin, London.

Heggie, Ian Graeme (1972); Transport Engineering Economics; McGraw Hill, London (etc.).

Hensher, David & Stopher, Peter R. ( ); Behavioral Travel Modelling.
Hoyce, B.S. (edited) (1973); Transport and Development; Macmillan, London.

Jain, J.K. (1973); Transport Economics, Chaitanya, Allahabad.

Kallanparampil, Varghese & Manchanda, S.P. ( ); Road and Road Transport In India [(The) Indian Road and Transport Development Association Ltd.] Road Transport Management Systems and Proceedings.

Kasilingam, Raja G. (1998); Logistics and Transportation Design and Planning; Dordrecht. The Netherlands; Kluwer Academic.

Leinbach, Thomas R.; Linsien, Chia with collaboration by Christopher C. Kissline, Ross Robinson and Andrew H. Spencer (1989); South-east Asian Transport: Issues in Development; Oxford University Press.

Martin, Brian V. and Others (1965); principles and Techniques of Predicting future Demand for Urban Area Transportation; (M.I.T. Report 3); M.I.T. Press.

Meyer, John R. (1971); Techniques of Transport Planning; Brooking Institutions, Washington D.C

Meyer, John R. and others (1971); The Urban Transportation Problem; Harvard University Press; Cambridge.

Midgley, Peter (1994); Urban Transport in Asia: an operational agenda for the 1990s; The World Bank's, Washington.

National Bureau of Economic Research ( ); Transportation Economics;

National Institute of Urban Affairs (1990); Integrated Development of Small and Medium Towns.

Organisation for Economic Co-operation and Development; The Urban Transport Planning Process.

(1985); Trends in Indian Transport System—a district-wise Study; Inter-India Publications, New Delhi.

Pain, Asis Kumar; Banerjee, Asit Kumar; Halder, Dilip (2002); The Traffic Problem of National Highway 2 in Burdwan Municipal Area: Physical Planning & Traffic Management Options in Urban Transport Pricing and Planning (Edited) (2002); Allied Publishers Ltd. In collaboration with DSA Centre for Regional Economic Studies, Department of Economics, Jadavpur University, Kolkata.

Polak, J.B. and Heertje, A. [Edited] (2000); Analytical Transport Economics—an international perspective; Edward Elgar, U.S.A.

Seymer, Nigel & Leibbrand, Kurt (translated from German) (1970); Transportation and Town Planning; Leonard Hill, London.

Sharp, Clifford (1967); Problems of Urban Passenger Transport with special reference to Leicester; University Press, Leicester.

(1965); The Problem of Transport; Oxford (etc.), Pergamon.

(1973); Transport Economics;

Singh, Arjun K. (1990); Urbanization and Administration of Urban Infrastructure; Inter-India Publications; New Delhi.

Singh, M.M. & Datta, Abhijit ( ); Passenger Transport Agencies in Metropolitan Calcutta;

Singh, Mohinder (1990); Crisis in Road Transport; Konark Publishers, New Delhi.

Shukla Vibhooti (1996); Urbanization and Economic Growth; Oxford University Press; New Delhi.

Starkie, David Nicholas Martin ( ); Transportation Planning, Policy and Analysis.

Weld, William Ernest (1920); India's Demand for Transportation; New York Columbia University (etc.), London.

REPORTS

Project Co-ordinating Consultant (PCC) Services for West Bengal State Road Project (Apr., 1999); Feasibility Report (Through World Bank Technical Assistance).

Committee on Plan Projects (1967); Traffic And Transportation Problems In Metropolitan Cities (Interim Report); New Delhi.

European Conference of Ministers of Transport (1975); Roadside Obstacles: their effect on the frequency and severity of accidents; development and evaluation of counter-measures; Paris.

European Conference of Ministers of Transport (1975); Passenger Transport Demand in Urban Areas: Methodology for analyzing and forecasting; Paris.

India Infrastructure Report (2001); 3i Network-Oxford, University Press.

Indira Gandhi Institute of Development Research (2000); India Development Report (edited by Krit S. Parikh); Mumbai.

Institution of Civil Engineers (1978); Traffic Data Collections; Proceedings ... London.

Ministry of Surface Transport, Government of India (1999); Handbook on Transport Statistics in India; Transport Research Wing.

National Institute of Urban Affairs ( ); The role of intermediate towns in regional development: a case study.

Organization of Economic Co-operation and Development (1969); Future Direction for Research in Urban Transportation; Road Research Group; Paris.

Organization of Economic Co-operation and Development ( ); Integrated Urban Traffic Management (a report prepared by OECD); Road Research Group; Paris.

Organization of Economic Co-operation and Development (Aug, 1974); Urban Traffic Models; Possibilities for Simplifications; Road Research Group; Paris.

Organization of Economic Co-operation and Development (1977); Transport Requirement for Urban Communities: Planning for Personal Travel; Road Research Group; Paris.
Organization of Economic Co-operation and Development (Mar., 1979); 'Traffic Measurement Methods for Urban and Suburban Areas; Road Research Group, Paris.

Planning Commission, Government of India (May, 1980); Report of the National Transport Policy Committee; New Delhi.

World Bank (1994); World Development Report; Oxford University Press; New Delhi.
