ACKNOWLEDGEMENT

This thesis on "PLANNING AND MANAGEMENT OF RURAL DEVELOPMENT PROJECTS - AN ACTION RESEARCH IN KURNOOL DISTRICT" owes its origin to my intimate contact with a very large body of Rural Development Managers spread over the globe ranging from village level to National and International levels. I learnt as I worked, observed, analysed, practised, thought and discussed theory and field problems relating to various aspects of Rural Development Projects.

I take this opportunity to express my deep sense of gratitude to my friends and colleagues and hundreds of Rural Development workers who have directly and/or indirectly made some contribution or the other in developing some of the ideas expressed in this thesis. Some of them however, merit special mention.

My grateful thanks are due to Prof V.T. Naidu, Dean of Arts Department of Rural Development, Sri Krishnadevaraya University, Ananthapur for his kind guidance and support at every stage of this work without which my research could have never been possible.

I am indeed grateful to Prof. D. Narasimha Reddy, Department of Economics, University of Hyderabad for his sincere help in reading the draft and giving suggestions.

I am thankful to Dr. Y. Venugopal Reddy, I.A.S., for reading the final draft and encouragement.

I shall be failing in my duty if I do not make a mention of my wife, Smt. D. Swarnalatha Reddy, who constantly stood by me lending solid support. Without her encouragement it would have been difficult to accomplish this work. I owe to her my sincere gratitude.
