ACKNOWLEDGMENT

I would like to take this opportunity to thank all who have facilitated for the successful completion of my project work. It gives me an unforgettable experience and valuable information in the field of plant therapeutics.

My first debt of gratitude and thanks must go to my advisor, Dr.(Mrs) M.Suriyavathana, M.Sc., M.Phil., Ph.D., Assistant Professor, Department of Biochemistry, Periyar University, Salem-11. She patiently provided the vision, encouragement and advice necessary for me to proceed my doctoral program and complete my dissertation. I want to thank madam for her unflagging encouragement and serving as a role model to me as a Guru. She has been a strong and supportive adviser to me throughout my research program, but she has always given me great freedom to pursue independent work. It is the time to express my whole hearted thankfulness to my guide for taught me how to view this world from a new perspective with confidence and courage.

I would like to extend my thanks to Dr. G. Sudha, M.Sc., M.Phil., Ph.D., Associate Professor and Head (i/c) and Dr. T. Palvannan, M.Sc., Ph.D., Assistant Professor, Department of Biochemistry, Periyar University, Salem-11 for their valuable support during the period of my work.

I have great pleasure in expressing my deep sense of respect and gratitude to Dr. P.Venkatesan, Principal, Vysya College, Salem. I take this opportunity to thank the management, Vasavi Vidhya Trust, Salem for their valuable support provided me during my research.

I extend my profound thanks to my dear friends and colleagues in Periyar University for their help and encouragement during the entire period of my study. N.Nandhini M.Sc., M.Phil., P.hd., Keerthana, M.Sc., M.Phil., J.Aranganathan, M.Sc., M.Phil., S.Indupriya M.Sc., M.Phil., P.Subha M.Sc., M.Phil., S.Suresh, M.Sc., M.Phil., B.Ed., G.Parameswari, M.Sc., V.Usha M.Sc., M.Phil., and M.Sumathi M.Sc., M.Phil., Research Scholars, Department of Biochemistry, Periyar University, Salem-11 who supported and encouraged to carry out the project work.
I take this opportunity to sincerely thank the Mr. N. Bhoopathy, EASMA BIOTECHNOLOGY, Karur for providing lab facilities to perform my animal work comfortably.

I sincerely thank Dr. R. Rajasekar, M.Sc., M.Tech., Ph.D., Assistant professor, Department of Bioinformatics, VIT, Vellore for giving his valuable ideas in the field of Bioinformatics.

I express my sincere thanks to Mr. N. Arun, M.Sc., M.Phil., (Ph.D.,) Assistant professor, Department of Biochemistry and Mr. D. Vijayaraja for giving their voluble suggestions for my work.

I extend my profound thanks to all my friends who are the staff members of Department of Biochemistry, Vysya College, Salem – 103 for their unfailing help and timely suggestions.

I express my sincere thanks to Mr. P. Ravi for giving his ideas about medicinal plants.

With stream of happiness, I mark my love and gratitude to my beloved mother Mrs. T.Kalaimagal and my dear wife Mrs. M. Dhivya, my dear son S.D.Sharvesh and my family members for their cooperation and support throughout my research work.

Last but not the least, I wholeheartedly appreciate and thank all the other people who are knowingly or unknowingly helped me to complete this project successfully.
