ACKNOWLEDGEMENTS

I wish to thank my supervisor, Dr. N. Ch. Varadacharyulu who shared with me his wisdom, for bearing up with all my short comings and for his valuable guidance during the tenure of this work. I am indebted to him for all his untiring effort.

I must express my gratitude to Sri Sathya Sai Institute of Higher Learning for the facilities, funds, and encouragement without which I could not have successfully completed this work. I would like to make a special mention of the valuable suggestions and timely help rendered by the Registrar and Vice-chancellor of the Institute. To Prof. Jayalakshmi Gopinath, the principal, Prof. Proona Sridevi, Dr. Rashmi Kapoor and other members of the Dept. of Home Science also I must extend my heartfelt gratitude for the co-operation and appreciation of my efforts.

I must also acknowledge the Vice-chancellor, Registrar, Principal, Sri Krishnadevaraya University, Prof. Pulliah, Dean of Bio-Sciences, Dr (Mrs). Satala Kumari, Head, Dept. of Biochemistry, Prof. Ramakrishna Rao, Prof. Dayananda, Dr (Mrs). Lakshmi Devi and Dr. Suresh Kumar of Dept. of Biochemistry and Dr. Sudhakar, Dept. of Botany for their kind advices and help.

I express my thankfulness to Dr. Kesava Reddy, Kansas University, USA for his constant encouragement and valuable suggestions. I am also indebted to Dr. Srinivasan, CFTRI, Mysore for unfailing guidance and I must thank Prof. Heble for his valuable suggestions. My work would not have been possible without the help of the former Joint Director of Regional Sericultural Research Station, Raptadu, Dr. Suryanarayana and Dr. M. P. Reddy for supplying mulberry leaves in plenty from their research farm. I thank Prof. Sharma and Dr. Md. Akthar for the help in statistical
analysis. My sincere thanks are due to Dr. Neeraja, pathologist, Govt. Hospital, Anantapur.

I owe a bouquet of thanks to Dr. Hariharan, Dr. Kalyanasundaram, Dr. Giridharan, Dr. Janakiramayya of NCLAS, NIN, Hyderabad for providing the training in animal rearing, handling, etc. I humbly acknowledge Dr. Sriramulu, Dr. Raghunath, Dr. Bhanuprakash Reddy, Dr. Suryanarayana, Dr. Sesikeran, Dr. Uday Kumar, Dr. Sivaparakash and Mr. Narayana for the help rendered from time to time. I would be failing in my duty, if I did not mention the kind assistance of Mr. Venkatesh of Hyderabad in several ways.

This project has only been possible because of the loving support and unlimited co-operation of my husband, A. Vijay Kumar, my children Vinay Kumar and Vineela, my father Sri. B. V. V. R. Gupta, brother, sister-in-law, sister, and brother-in-law. My mother Smt. B. Rajavalli deserves a special mention for her sympathetic concern all through the period of my research.

Finally, I must express my heartful thanks to Ms. Sai Aditya, Ms. Arthi Krishnan, Ms. Srilatha and Mrs. Gangalakshmi and Mrs. Lakshmi Devi for their assistance.
