

**Acknowledgements**

It is with great pleasure that I express my deep sense of gratitude to Dr. S. Shashidhar, Professor and Director, School of Biosciences, Mahatma Gandhi University, Kottayam, for giving me the opportunity to work on this project and for extending all the facilities to carry out the work. It has been a great privilege for me to work under the able guidance of Dr. S. Shashidhar. Words cannot express my heartfelt gratitude for his unceasing concern, constant help, keen criticism, and encouragement during every stage of the work. I am extremely thankful to him for suggesting the topic and for his excellent supervision, advice and guidance.

I am thankful to Dr. M. Haridas, Reader, School of Biosciences, for his deep concern, kind help and inspiration all along the study.

I express my deep sense of gratitude to Dr. G. Muraleedhara Kurup, Reader, School of Biosciences, Dr. M. S. Latha, Lecturer, School of Biosciences, Mr. Jyothis Mathew, Lecturer, School of Biosciences, and Mr. Shaji Samuel, former Lecturer, School of Biosciences, for taking keen interest in the project and conveying valuable guidance.

My thanks are also due to Mr. Bose and Mrs. Reji, Medical Technologists of School of Biosciences, for their constant help.

Research scholars of Physiological Chemistry Research Lab, Structural Biology Research Lab, Pharmacognosy Research Lab, and Applied Biochemistry Research Lab, School of Biosciences requires my special thanks, without them much of this thesis would not have been realised.

My sincere thanks to postgraduate students of School of Biosciences from academic year 1995-1998, for their whole-hearted co-operation for the study and deserves my special concern.
I wish to place on record my gratefulness and gratitude to the authorities of Regional Sports Centre, Rajiv Gandhi Indoor Stadium, Kochi, Kerala Sports Council, Trivandrum, Kerala Sports Council Centralised Sports Hostel and Sports Authority of India Hostel, Trichur, Gymnastic Centre of Sports Authority of India, Tellicherry, Water Sports Centre of Sports Authority of India, Alleppy, for giving me the opportunity to conduct the study. My sincere thanks to world renowned Kalarimaster, Sri. Vasudevan Gurukkal, C. V. N. Kalari, Kaduthuruthy, for his keen interest and valuable guidance for carrying out the work. I extend my thanks to Kavanattinkara Boat Race Committee and Triveni Boat Club, Kottayam, for arranging the study in snake-boat rowers.

Needless to say, this thesis would not have been possible without the total participation of all the subjects both athletes and non-athletes.

I wish to place on record my gratefulness and gratitude to Mahatma Gandhi University, for giving University JRF for the study.

Mr. Benoy Varkey, B & C Technologies, Kottayam requires my special thanks for constant monitoring and fault repair service of the spirometer throughout the study.

I would like to thank Mr. Robin, M/s Copy Write, Ettumanoor, for the perfect realisation in word processing and documentation of this thesis.

Last, but not the least, I wish to thank all those who helped me behind the screen (including my family) to make this endeavour successful.

Kesavachandran C.
