Acknowledgement

After intensive research and writing, the accomplishment of my thesis is realized. I very gratefully acknowledge the assistance of many people who helped and guided me, directly and indirectly, to fully enjoy and accomplish this research work. In the first place I am very thankful to God because without his blessings and invaluable guidance this task was just next to impossible for me to pursue. It was his invisible and memorable guidance because of that I received immortal support and blessings from many people.

It is my pleasure to express my deep gratitude to my supervisor. I found a wonderful and amazing person in the form of Supervisor; Dr. Vijay Singh Rathore. He has been there to help me since the very first day of my research in a very pragmatic way. While working with him since last two years I found him to be highly enthusiastic, cordial, rewarding, and inspiring supervisor. He constantly motivated and encouraged me to produce good research and I found motivation, encouragement and support from him during all my studies.

I am obliged to Mrs Kusum Rajawat for her emotional support and care through out. It is because of her blessing that I have been able to complete my research work.

I sincerely want to thank Dr. S. C. Dwivedi, Professor and Dean (Research), Suresh Gyan Vihar University, Jaipur for his constant support and wonderful cooperation. The successful completion of this work would have been very difficult without the blessings.

I would have never been able to complete my work in time without the enormous help and cooperation extended by the Dr. Ekta Menghani and Naveen Hemrajani.

Last but not least, I do not have enough words to express how grateful I am for the endless support of my family members. My father Shri Bhawani Singh Rajawat, mother Pushpa Rajawat who have always provided me with unconditional love, and support. Without their faith in me, I could not have made it this far. This
acknowledgement would be incomplete without showing gratitude to my uncle and aunt for their invariable support, love and blessings. I also want to thank my uncle Dr M. Raisinghani who has been a pillar of strength in my good and bad times and motivated me to carry on with it. Above all finally, and most importantly, I would like to express deep gratitude to all my friends especially sunny and bulbul for their love and support.
