ACKNOWLEDGEMENT

With great humility I submit my heartfelt gratitude to the feet of the loving Almighty who bestowed on me his blessings, strength and confidence to complete the thesis successfully.

I am extremely indebted to Dr. A. KUMARESAN, Ph.D., Professor and Head, I.C.A.R. Centre, Sri Parasakthi College for women, Courtallam, my guide and supervisor for his invaluable contribution, suggestions and constructive criticism. I have no words to express my deep sense of gratitude to Dr. A. KUMARESAN because he was not merely a guide, but also the impelling force who kindled the flame of research in me. I sincerely thank him for his encouragement, optimistic approach in any problem and systematic guidance to bring this thesis into existence.

With great pleasure I express my profound gratitude and indebtedness to my Co-guide Dr. G. S. VIJAYALAKSHMI, Reader, Sri Paramakalyani Centre for Environmental Sciences, Manonmaniam Sundaranar University, Alwarkurichi, for her kind help and valuable guidance. I also express my heartfelt thanks to Dr. N. SUKUMARAN, Professor and Dean, Sri Paramakalyani Centre for Environmental Sciences, Manonmaniam Sundaranar University, Alwarkurichi, for his help during the course of my research.

With sincerely thank the former principals of my beloved institution Dr. (Mrs.) R. CHITRALALEKA, Dr. (Mrs.) S. JALAJA and the present principal Dr. (Mrs.) A. PREMA, Sri Parasakthi College for women, Courtallam for providing and permitting me to utilize the facilities to carry out my research work successfully.
At this juncture I would like to recall the scientific and bibliographic assistances provided by Dr. P. Kanakaraj, Professor and Head of Genetics, Dr. C. Nareshkumar, Professor and Head of Dairy Science, Dr. V. S. Subramanian, Associate Professor in the Department of Dairy Science, Madras Veterinary College, Chennai.

I express my sincere appreciation and thanks to Dr. (Mrs.) R. Prema, Ph.D., Sl. Grade Lecturer in Chemistry for her constant help, advice and encouragement throughout my research work.

I would like to express my deep sense of gratitude to Dr. (Mrs.) G. Gitanjali, Ph.D., Selection Grade Lecturer, Mr. N. Kumaresan, Selection Grade Lab Asst, I.C.A.R., Sri Parasakthi College for women, Courtallam for their emotional involvement and moral support to complete this research work in the present form.

I wish to record my sincere thanks to Dr. (Mrs.) V. Indra, Lecturer (Selection grade) in Biochemistry, Dr. (Mrs.) P. Gandhi, former Reader in Botany, Sri Parasakthi College for women, Courtallam, for their constant encouragement and helpful suggestions during the course of my research.

I would like to record my thanks to Mrs. P. Kalyani, Mrs. S. Mariammal and Mrs. K. Mariammal, Selection Grade Lecturer of Dairy Science Department, Sri Parasakthi College for women, Courtallam, for their contribution to complete this thesis.

I wish to convey my sincere and whole hearted thanks to Mrs. Chenbagam Kumaresan, M.Sc., M.Ed., Principal, Arun Matriculation School, Puliangudi for her kindness and valuable advice during the course of the preparation of my thesis.
My special thanks to authorities of Veterinary College, Vepery and Fisheries College, Tuticorin for permitting me to use their libraries.

I also express my sincere thanks to Mr. G. Velu, Assistant Manager, Aavin (Nellai Dairy) and Mr. Ganapathy, Manager, Co-operative Milk Producer’s Society, Shencottah for assisting to take photographs.

I also thankful to Mr. Raja Kumaresan, Mr. Rama Kalanjiam, Child Medical Care Centre, Vannarpettai, Tirunelveli and Deepak Blood Testing Centre, Tenkasi for providing blood plasma for my research work.

I have great pleasure in expressing my sincere thanks to Raj Computers for their timely help.

I am deeply indebted to my family members without whose constant encouragement, moral support and co-operation I would not have completed this thesis.
