ACKNOWLEDGEMENTS

I am deeply indebted to express my sincere gratitude and grateful thanks to my Research Guide, Dr. B. Rama Murthy, Associate Professor & Head of the Department of Instrumentation for his enthusiastic guidance, constant encouragement and untiring efforts throughout the course of these investigations. He was a constant source of inspiration with his professional approach throughout the course of this work. I am much beholden to him for teaching me certain aspects of life, which I find very useful in the process of building up my career.

I also deemed it grateful to express my sincere thanks and gratitude to Prof. S. Raja Ratnam, Former Professor of this Department and is the man behind to start this kind research in the field of Ionosphere. I am also equally grateful to Prof. K. Malakondaiah, Chairman BOS of Instrumentation for his keen interest and all kind of cooperation and encouragement during the course of this work.

It is my duty to express my sincere thanks and gratitude to Prof. P.V.S. Rama Rao, Scientist Emeritus, Prof. V. Bhaskar Rao, Prof. V. Veeraiah, Prof. M. Purnachandra Rao, Dr. D.S.V.V.D. Prasad, and Dr. K. Niranjan, Department of Physics, Andhra University, Waltair, for their valuable suggestions while carrying out this research work.
I wish to record my special thanks to Dr. P. Sriram Deputy Director of Communications (Customs & Excise), Dr. Niranjan Rao, Retired Electronic Engineer, Andhra university, Waltair, Prof. G. Yellaiah, Department of Astro Physics, Osmania University, Hyderabad, Prof. K. Soundar Rajan, Principal, J.N.T.U. College of Engineering, Anantapur, Sri. G. Sivaiah, Telecom Department, Anantapur, for their cooperation in completing this work.

I wish to record my sincere gratitude and thanks to Dr. Yeswanth Bhupal, Principal & Managing Trustee, Bellary Engineering College, Bellary, for his constant encouragement and cooperation while doing this research work. I also wish to express my special thanks to Smt. Basava Rajeswari, Chair Person, Dr. S.J.V. Mahipal, Managing Trustee, Sri. Linga Raj Bhupal and Sri. Ashok Bhupal, Trustees of T.E.H.R.D.Trust, Bellary, for their help extended during the course of this work.

I wish to express my special thanks to Prof. K. Bhanu Prasad, Vice-Principal, Bellary Engineering College, Bellary, for his suggestions, encouragement and cooperation extended in bringing out this thesis. I am also thankful to Prof. Rajkumar Kulakarni sri. Phaniram Prasad, Prof.V.C.Patil, Prof. K. M. SadyoJyotha, Sri.T. M. Manu, Smt. G. Seshikala, Smt. Ghosia Begaum, Ms. R. Manjula, Sri. Ananth Krishna Murthy, Sri. B. Basava Raj, Sri. G. V. Sreenatha Rao, Sri. L. Raghu Nath and to all my colleagues both Teaching and Non-Teaching Staff of Bellary Engineering College, Bellary,
who have helped me during the course of this work directly or indirectly in successful completion of this work.

I am also thankful to Sri S. Allahbaksh, Dr. Nagabhushan Raju and Dr. C. Nagaraja, Associate Professors; Sri. Dhanunjaya, Sri. K.A.Madhusudan Gowd, Sri Sudarshan and Sri. S.Chandrasekhar Rao, Technical Assistants, Mr. M.Ramanjineyulu and all other staff members of Dept. of Instrumentation, Sri Krishnadevaraya University. Anantapur who helped me patiently from time to time to bringing out this thesis. I am also expressing my special thanks to Sri V. Sahadevan, Mr. M. Ashok Kumar and Mr. CH.V.V.Ramana who helped me in analysis work and editing in bringing the thesis into final form.

It gives me immense of pleasure to thank Mrs. B. Rama Murthy for her sisterly affection and moral support rendered to me throughout this course.

Last but not least, my sincere thanks are due to my mother Smt.U.Sanjamma, my wife Smt. U. Vijayalakshmi and my children U. Swathi, U. Swetha and U. Ravi Teja who patiently bare the inconveniences caused by my frequent absence at home during the course of this work.

U. ERANNA
