ACKNOWLEDGEMENTS

It is with great indebtedness, sincerity and with a deep sense of gratitude that I acknowledge my supervisors Dr. A.O.N.Panikkar, Director (Retd), Department of Training, Rubber Board, and Dr. P.J.George, Jr. Director (Research) (Retd) of Rubber Research Institute of India, Rubber Board, for their sincere guidance, critical suggestions, advices and encouragements during the entire period of study and for their valuable help in the preparation of the manuscript in the present form. Their patience and strong moral support in successfully completing this project through a difficult time in my life is sincerely remembered with gratitude.

I am deeply indebted and grateful to Dr.C.P.Reghu, Botanist, Germplasm division, for his valuable help and assistance in the processing of the large number of leaf and bark samples. His valuable assistance in taking the photomicrographs and in the excellent preparation of the photograph plates is gratefully acknowledged.

My deep sense of gratitude is due to Smt. K.P. Leelamma, Asst. Technical Officer, Germplasm division, RRII, for the great pains she took in the sectioning of large number of bark and leaf samples and in the preparation of microslides for observation.

I have to place on record with gratitude, the valuable assistance rendered by Sri. Ramesh B. Nair, Assistant Director (Statistics), RRII, in the detailed statistical analysis of the data. The assistance rendered by Sri. B. Biju, Computer assistant and Sri. Anish, P. Statistical Inspector, RRII, in the programming of certain analysis and Smt. Liza Joseph of the computer section in the preparation of tables is gratefully acknowledged. I am thankful to Smt. Accamma C.Korah, Senior Librarian, RRII, for meticulous scrutiny of the references. Thanks are also due to Sri. K. P. Sreeranganathan, Sr. Artist and Photographer, RRII, for taking the field photographs.

My obligations are due to the Director of Research, RRII and Rubber Board for providing necessary facilities for the completion of this work.

With respect and gratitude I acknowledge my teachers in Kerala Agricultural University, Dr. V Gopinathan Nair, Head (Retd.), Department of Plant Breeding and Dr. (Mrs). P. Saraswathy, Head Department of Agri. Statistics, who inspired me to take up this study and helped me always with their sincere advices and strong moral support.
I am grateful to Dr. J.Licy, Plant Breeder, and Dr. Kavitha K. Mydin, Scientist-S3, Botany Division, RRII for their valuable suggestions and help at one stage or other. I express my gratitude to Dr. Y.Anamma Varghese, present Dy. Director (Germplasm), RRII for her sincere and valuable support in the later stages of my study. I should also thank Sri. M.J.George, Dy. Director (Retd), Central Experiment Station, Chethakal, RRII, for all the help given to me by providing all the facilities in the maintenance of the trial and recording of data.

I owe my sincere thanks to Smt. Jayashree Madhavan, Smt. M.A.Mercy and Sri.G.P. Rao, my fellow scientists, Sri. Francis Mathew, Research scholar, field staff and other staff members of the Germplasm division, who have helped me in one-way or other in this study.

I am deeply indebted to my beloved wife Elizabeth and my children Abin and Jacob who accommodated and tolerated my involvement in this study with patience and affection. I express my gratitude to my parents, my brothers, my parents-in-law, brothers-in-law and sisters-in-law, all of whom have supported me and encouraged me to complete this study.

Last but not the least, I believe in the Blessings received from God Almighty without which this work could never have been a reality.
