ACKNOWLEDGEMENTS

The author expresses his sincere, heartful and profound sense of gratitude to Dr. T.V. Ramakrishna Rao, Reader in Physics and to Dr. A. Varadarajulu, Lecturer in Physics, Sri Krishnadevaraya University, Anantapur for suggesting the field of research and for their valuable guidance and supervision throughout the progress of the work.

He expresses his sincere thanks to Dr. S.V. Subrahmanya, Professor of Physics, to Dr. V. Rama Murthy, Reader and Head of the Department of Physics, S.K. University, Anantapur and to the authorities of S.K. University, Anantapur for providing the necessary facilities to carryout the research work in the Department of Physics.

He is very thankful to Dr. S. Rajaratnam, Head of the Department of Instrumentation, S.K.University, Anantapur, for his valuable help to complete this work.

Finally, he would like to thank the staff members of Physics Department and to his friends who helped at various stages of his research work.
He is grateful to the management of Sri Y.S.R.R. Degree College, Pulivendla to permit him to do the research work.

He expresses his affections to his wife Smt. S. Vijaya, M.Sc., for her constant encouragement to complete this work.
