ACKNOWLEDGEMENTS

I wish to record my deep sense of gratitude to my research supervisor Prof. N. Manohara Murthy, M.Sc., Ph.D., Professor and Head of the Department of Physics, Sri Krishnadevaraya University, Anantapur for his incessant, stimulating and constant supervision throughout the progress of the present programme of study.

I am indebted to Prof. S.V. Subrahmanyam, for his interest and suggestions given to me in carrying out the present study.

I am thankful to Prof. V. Rama Murthy and Prof. T.V. Ramakrishna Rao, former Heads of the Department of Physics for providing me laboratory facilities during the course of research work.

I am thankful to Dr. E. Rajagopal, Dr. K.V. Sivakumar, and Dr. K. Raghavendra Rao, the faculty members of the Department of Physics, SK University for their interest and encouragement given to me during the progress of the research work.

The author takes this opportunity to express his deep felt appreciation to his wife Smt. Lakshmi for the incessant encouragement she has provided during the course of the research work.
My special thanks are due to Dr. E. Maheswara Rao, Principal, Railway Degree College, and the South Central Railway Administration, who permitted me to carry out the research work and encouraged me during the progress of my work.

I am indebted to the authorities of Sri Krishnadevaraya University, Anantapur for providing the necessary facilities for carrying out the research work.

Sri V. Sahadevan receives a special note of thanks for typing the thesis neatly.

Y. NAGESWAR
