ACKNOWLEDGMENTS

This thesis is the outcome of the research works carried out first at the Department of Mathematics in Mechanics under the supervision of Dr. M. Ahmed and subsequently at Laldia in collaboration with Prof. K.B. Bhatnagar.

It gives me great pleasure in expressing my deep sense of gratitude to Dr. M. Ahmed, Head, Department of Mathematics, Aligarh Muslim University, Aligarh for his valuable suggestions given from time to time, supervising the work and giving continuous encouragement in the course of completion of this thesis. I am grateful to Prof. K.B. Bhatnagar, Lecturer of Mathematics, Laldia Muslim College, Laldia, of Aligarh University, and Prof. M. A. Bhatnagar, Head of Mathematics, Aligarh Muslim University, India, for their valuable suggestions given from time to time and their helpful comments about my work. I wish to express my heartfelt thanks to Professor I. M. Samad, Head, Department of Mathematics, Aligarh Muslim University, for their interest and encouragement of this study. I am also thankful to Prof. A.K. Sharma of Aligarh Muslim University for his valuable suggestions and comments. I am very much thankful to Professor I. R. Khan, Principal and Head, Faculty of Humanities and Sciences, Jamia Millia Islamia, New Delhi for his continuous encouragement and help. I wish to express my thanks to
Mr. E.N. Choudhury for his help in handling the computer work. My thanks are also to Mr. L.H. Joshi who has left no pains in typing this thesis.
