Appendices

I. Yield of cane and sugar per acre and recoveries in different countries. (Reference page 18)

I (A) Yield of cane in factory farms in U.P., 1950-51 and 1951-52. (Ref. pp. 18-9)

I (B) Survey of areas under cultivation of different perfume bearing flowers. (Ref. p.30)

II Improvement of quality wool. (Ref. p.65)

III Progress of cotton mills in Kanpur. (Ref. p. 73)

IV Districtwise requirement of mileage of metalled and unmetalled roads according to 'Grid & Star' formula and on the basis of population census taken in 1951. (Ref. p.96a)

V National highway routes in Uttar Pradesh. (Ref. p.95)

VI Proposed metalled roads (M.D.Rs.) under Phase I Programme, Five-Year Plan and outside the Five-Year Plan. (Ref. p.96a)

VII Consolidated statement of installed capacity of generating electric power.

VIII List of bridges proposed under road programme. (Ref. p.96a)

IX Facilities available for starting industries in various districts. (Ref. p1 120).

X Electric power required for agricultural and farm machinery. (Ref. p.128)

XI Power Projects at a glance. (Ref. p.131).

XII Detailed Statement of Power Projects in U.P. (Ref. p.153)

XIII Comparative statement of production by eleven major cotton mills of Kanpur for the year 1949. (Ref. p. 74-5).

XIV The War-time progress of the textile industry, (Ref. p.155)

XV Statement of cotton textile mills of U.P. & India(Ref. p. 155-67)

XVI Sugar factories in Uttar Pradesh. (Ref. p.169 map No.27)

XVI(A) 'Gur' production; Mean duration of cane-crushing season in U.P.; Per Capita Consumption of sugar in selected countries. (Ref. pp. 174-171)

XVII Distribution of sugar factories and their daily crushing capacity. (Ref. p.169)

XVII(A) Proposed distribution of power alcohol production in India (Five-Year Target). (Ref. p.247)
XVIII Concentration of sugar mills in Uttar Pradesh. (Ref. p. 169)
XIX Information regarding the paper and straw-board factories of U.P. (Ref. p. 203).
XX Yield of timber. (Ref. p. 194)
XXI Output of homegrown wool. (Ref. p. 203)
XXII Raw materials for paper industry in U.P. (Ref. p. 221)
XXIII Some of the woods available and suitable for match industry. (Ref. p. 222)
XXIV Woods found in U.P. suitable for plywood. (Ref. p. 224)
XXV Tannin contents of some of the important barks utilised in the tanneries of U.P. (Ref. p. 227)
XXVI The capacity of the tanneries in U.P. (Ref. p. 228)
XXVII A survey of composition of 'reh' in various districts of U.P. (Ref. p. 245)
XXVIII Districts with regards to the extent of 'reh' soil and percentage of soda ash. (Ref. p. 245)
XXIX Figures giving the efficiency of the improved Wardha oil 'Kolhu'. (Ref. p. 275)
XXX Important Cottage industries of U.P. (Ref. p. 292)
XXXI Exports of sport goods to foreign countries. (Ref. p. 284)
XXXII Sport goods industries 1952-53. (Ref. p. 225, 283)
XXXIII Some cottage industries development schemes. (Ref. p. 314-5).
XXXIV Examples of industries that might be aided by the Government.
