CERTIFICATE

This is to certify that the thesis entitled, "Studies on the Management of Phytonematodes" embodies the research work done by Dr. Mansoor Ahmad Siddiqui either singly or in collaboration with other scientists. The entire work is original and significant contribution in the field of Plant Nematology. The major portion of the work has been done by Dr. Siddiqui as is evident from the fact that out of 81 research papers contributed by him in this thesis, he is either single or first author in 68 of them. In addition to these papers 10 book chapters/reviews have been appended as supplement. His research publications have appeared in some leading research journals of the world like Nematol. Medit, Rev. Nematol., Agricultural/ Biological wastes, Anz. Schadlingskde, Pflanzenschutz Umweltschutz, Archiv Phytopathologie und Pflanzen, Zeitschrift pflanzen und pflanzenschutz, Ann. Appl. Biol. (Supplement. TAC), Indian J. Nematol., Pak. J. Nematol. etc. which speak of the high caliber of his work.

I have, therefore, allowed Dr. Mansoor A. Siddiqui to submit the present work in fulfilment of the requirement for the degree of Doctor of Science (D.Sc.) in Botany of the Aligarh Muslim University, Aligarh, together with the Photostat copies of his already published research papers, book chapters/reviews and a bibliography which I hereby certify as attested true copies.
