ACKNOWLEDGEMENT

First of all my heartful and sincere acknowledgement goes to Dr. P. C. Deka, Professor and Head, Agril. Biotechnology programme, Assam Agricultural University, Jorhat and Dr. C. L. Boissya, Professor, Department of Botany, Gauhati University, Guwahati for their valuable guidance and close supervision during the period of my entire investigations.

I am thankful to the Secretary, Department of Environment and Forests, Government of India for providing me financial support as Senior Research Fellowship under Himalayan Eco-Development Project which was a great help for me in completion of the present study.

With immense pleasure I would like to express my sincere gratitude and warm thanks to my friends U. M. Phukan, Mrs. B. Borthakur, Miss. M. Devi, Mr. B. Baruah, J. Sarmah, Dr.(Mrs.) J. Devi, Miss B. Hazarika and Mr. S. Nath for their help and kind co-operation in various works during my investigations. I am thankful to Dr. A. Borthakur for going through the manuscript critically and Dr. P. Gogoi for helping me in various collection trips in these studies.

I owe debt of gratitude to my friends Mr. M. Lahon, R. Neog, D. Nath, K. Nath, Mrs. A. Nath, P. K. Baruah, Mrs. A. Bhuyan Baruah and M. R. Borgohain who helped by providing me accommodation in Jorhat and Guwahati during the preparation of the manuscript.

I am thankful to the members of my family for their continued encouragements during this investigations.

Lastly, my sincere acknowledgement goes to Sri Subrata Dey, M/s. Premier Sales Agencies, Lakhtokia, Guwahati-1, for carefully typing the manuscript.

(Mina Ram Nath)
