

MEMORANDUM

I, hereby declare, that I have not submitted any of the results incorporated in this thesis for any higher degree to this or any other University or Institution.

During the last four years, I have been actively engaged in the study of uranium concentration in some of the edible and commercial plants of Assam and probable significance of its presence in the plant materials. All the measurements and analysis presented in this thesis were done by me. Few measurements and the final results were carefully checked by my supervisors Prof.T.D.Goswami, Department of Physics and Dr.B.C.Goswami, Department of Botany, Gauhati University.
