ACKNOWLEDGEMENT

At the outset, I beseech the benevolent blessings of the Almighty for having lead me to the hands of a great educationist, Dr. G. Pankajam, Vice Chancellor, Gandhigram Rural Institute (Deemed University), Gandhigram who chiseled me to what I am today. With great love and affection, I record my deep sense of gratitude to my guide Dr. G. Pankajam for her constant encouragement and confidence pinned upon me. With indebted gratitude, I remember the serious efforts she took to help me come out successfully with this research work.

I sincerely owe my gratitude to Dr. P. S. Chandra Kumar, President, St. Christopher’s Educational Association, Chennai for being a source of sustained encouragement throughout my research work. His creative suggestions and encouragement helped me pursue my research work with confidence and lucidity.

I sincerely thank the Vice Chancellor and Registrar of Manonmaniam Sundaranar University, Tirunelveli for having given an opportunity to do this research work.

I humbly remember with gratitude the almighty for helping me get acquainted with Dr. Gunasekaran, Professor, Department of Applied Research and Statistics, Gandhigram Rural Institute (Deemed University), Gandhigram who is second to none in inspiring students in academic and research pursuits. His patient and continuous motivation helped me accomplish my research work to a greater extent.

This study was graced whole-heartedly by Shri. D. Ganesan, President, Annammal College of Education for Women, Tuticorin and I submit to his kindness my gratitude for his constant support throughout my research work.
I sincerely thank my former Principal Mrs. K. Lalitha for her support, encouragement and healthy suggestions in completing this work. I also remember with immeasurable gratitude the support rendered by all the staff of my institution and their timely help.

The project was greatly supported by Ms. Shanthi B.Sc., whose immense support was a savior in helping me to complete the translations in my research work. Her commitment is the ordeal help to achieve this mammoth task. I express my due thanks to her.

I sincerely thank Mr. M. Manoharan, Mr. M. Harikumar and Mr. N. Ramakrishnan of Tech Art Graphics, Coimbatore for their patient monitoring of the typing and binding work. Their support played a key role in the designing of my research work.

I sincerely thank Mr. Vinu Subramaniam and Mr. Thiruvikaraman of Sysmix Infotech Pvt Ltd, Chennai for his effort in presenting the digital mode of the appendices of this study.

I am very proud of my husband Thiru. G. Anbuselvam, who is behind my success in providing me congenial atmosphere throughout this study.

Above all my parents and other family members have been making sincere efforts at all times to help me move ahead successfully in all my pursuits. I place on record my loving gratitude to them and dedicate my success to their support.

K.P. KALA
