ACKNOWLEDGEMENT

I am thankful to “The Almighty” for the blessings showered upon me to complete the work successfully.

I am very glad to express my deep sense of gratitude and sincere thanks to my guide Dr. A.J.A. Ranjitsingh, Reader and Head, Department of Biology, Sri Paramakalyani College, Alwarkurichi, Tamil Nadu, for suggesting the topic, excellent guidance, valuable criticism with patience discussion and constant encouragement throughout the course of study.

I record my gratefulness to Dr. N. Sukumaran, Dean and Head, Sri Paramakalyani Centre for Environmental Sciences, Manonmaniam Sundaranar University, Alwarkurichi, Tamil Nadu, for his constant encouragement and guidance during the entire tenure of the investigation.

I profusely thank Dr. S. Shantha, Professor and Head, Department of Immunology, Stanley Medical College, Chennai, Tamil Nadu, for her scholarly guidance, constant encouragement and valuable comments. She has been the source of inspiration to complete this investigation. I am thankful to her for providing laboratory facilities for doing most part of the work.

I am thankful to University Grants Commission, New Delhi for providing fellowship (Project fellow) for three years to complete the project work.

I express my heart felt gratitude to Dr. R.K. Premavathy, Assistant Professor, Department of Immunology, Stanley Medical College, Chennai,
Tamil Nadu, who offered meaningful discussions often, which helped me to carry out the task easier.

I extend my gratitude to The Dean, Stanley Medical College, Chennai, Tamil Nadu for providing me the facilities to do a part of the work in the college.

I am thankful to the Management and Principal, Sri Paramakalyani College, Alwarkurichi, for providing laboratory facility to carry out a part of the work.

I submit my gratitude to Thiru. A.P. Selvarajan, Secretary and Dr. K. Rajakumar, Principal, Sri Kaliswari College, Sivakasi for their encouragement.

I am also thankful to Dr. R. Dinakaran Michael, Director, Centre for Fish Immunology, Lady Doak College, Madurai for his valuable suggestions.

Thanks are also due to Dean, Head, Department of Microbiology, Madras Medical College, Chennai, Tamil Nadu, for laboratory facilities extended.

I will be failing in my duty if I do not acknowledge the help rendered by Mr. Aathmanapan, Mr. Rajagobal and Mr. Chandramouli, Technicians, Mr. Kumarasamy and Mr. Sahil, Counselor, Mr. Babu and Mrs. Shantha, Lab Assistants, Department of Immunology, Stanley Medical College, Chennai, Tamil Nadu.

My thanks are due to Dr. C. Padmalatha, Reader, Rani Anna Government College, Tiruenelveli, for her generous help and valuable suggestions.
I am sincerely acknowledging the help of Dr. B.D. Banerjee, G.T.B Hospital, New Delhi and Mr. N. Kannan, National Institute of Immunology, New Delhi for their critical suggestions and valuable help in literature collection.

I am indebted to Dr. K.R. Narayanan, Lecturer, Mr. C. Jeyapal and Miss. N. Sujatha, Research Scholars, Department of Biology and Dr. S. Suriyanarayanan, Librarian, Sri Paramakalyani College, Alwarkurichi, Tamil Nadu, for all their help during the course of this investigation.

I take this opportunity to acknowledge Dr. P. Theriappan, Lecturer, Department of Biotechnology and other faculty members, Sri Kaliswari College, Sivakasi, Tamil Nadu, for their valuable suggestions.

I thank my parents, family members, Ms. R. Rajalakshmi B.Sc., Mr. S. Sureskumar M.Com., Mr. P. Nagarajan, Mr. P. Harichandran, Mr. P.V. Kamaraj and Mr. D. Kanagaraj for their understanding, moral support and co-operation throughout the course of my research work.

Finally, I must make a special thanks to Mr. C.T. Kannan, ABHI DTP, Tirunelveli Junction, for the neat DTP work of my thesis.

P. Dhasarathan
