

ACKNOWLEDGEMENT

It is a great pleasure to express my deep sense of gratitude and grateful regards to my teachers Dr. D. K. Pal and Dr. C. Sinha, Department of Chemistry, The University of Burdwan for associating me into their research group. I could not express in words their constant encouragement and stimulating guidance throughout the course of the work. I am indebted to them for suggestions and criticisms during the work and forgoing through the entire manuscript.

My grateful thanks are due to the authorities of the University of Burdwan for the award of a Research Fellowship. I am deeply grateful to Dr. D. Ray, IIT, Kharagpur (W.B.); Dr. B. B. Dey, University of Nottingham, U.K. and Dr. S. Chattaraj, Ranbaxy, Delhi; who helped me with different analytical facilities. This is an opportunity to express my gratitude and regards to Prof. A. K. Das, Head, Department of Chemistry and Prof. G. S. De, former Dean, Faculty of science, Burdwan University for their help in a critical moment.

I am grateful to the faculty members Dr. S. Bagchi, Dr. S. Basu, Dr. M. Banerjee, Dr. B.K. Ghosh and Dr. A. Chakrovorty of this department for their encouragement.

I record my indebtedness to all my staff members of this department particularly Mr. R. Shaw, Mr. J. Mukherjee, Mr. N. Bhattacharya, Dr. D. Banerjee for their constant helps. Constant helps was rendered by the researchers of this department, Mr. M. K. Nayak, Mr. R. Roy, Mr. D. Das, Mr. T. Misra, Miss S. Sinha, Mr. P. Das.

I am also thankful to my friends for their pleasant association which directly or indirectly helped me in both academic and nonacademic affairs. I must thanks Mr. P. Gangopadhyay for typing the entire manuscript.

At last but not the least I pay my deepest respect to my parents, brothers and sisters for their constant encouragement and also my sincere thanks are cordially extended to Mrs. A. Sinha and Ms. S. Banerjee for their encouragement and cooperation.
