Acknowledgements

This research work has been feasible to me only by the eternal blessing of the Almighty, which guided me thorough out the process and govern all my thoughts, not only in this specific task, but throughout my entire carrier and life. So First of all, I pray the God and I show my full gratitude and gratefulness towards the Almighty for providing good health and mental thoughts.

My research supervisor Dr. N. Chandrasekar, Prof. and Head, Centre for Geotechnology, Manonmaniam Sundaranar University excellently guided and inspired me throughout each and every corner of this research process. He also provided the most recent facilities to me to complete this task and guided me in a proper way to attain valuable findings in my research work. I am highly indebted to his effective and able guidance and I wish to express my heart full gratitude to my guide.

I am indebted and thankful to Hon’ble, Vice-Chancellor of Mononmaniam Sundaravanar University Prof. R.T. Sabapathy Mohan for providing excellent environment for the learning process in the university. Also I thank Mrs. Cynthiya Pandian, former Vice-Chancellor of our University. I thank Dr. P. Madhava Soma Sundaram, Prof. and Head, Department of Criminology & Criminal Justice and Research Coordinator of our University for his kind encouragement and effective help to complete this work.

I wish to express my gratitude to Dr. G.V. Rajamanickam, Dean, Department of Disaster Management, SASTHRA University, Tanjore. His contributions in geosciences and technology are very helpful to me to understand many areas of my research work. His valuable suggestions lead me to observe further developments in this field.

I gratefully acknowledge Dr. K. Kumaraswamy, Prof. and Head, Dept of Geography, Bharathidasan University. Prof. K. Kumaraswamy reviewed my manuscripts and gave valuable suggestions which go ahead me to publish them in reputed international journals. I disburse my sincere and heart full thanks to him. I am also indebted to Dr.R. Baskaran, Prof. and Head, Dept. of Industries and Earth Sciences, Tamil University, Tanjore. Prof. Baskaran provided me an effective support and valuable encouragement.
Next, I thank Dr. Y. Srinivas, Reader and Mrs. R. Ninija Merina, Lecturer, Department of Geotechnology, Manonmaniam Sundaranar University for their kind encouragements. I record my heart full thanks to Prof. John Prince, V.O.C. College of Arts and Science, Tuticorin, Prof. Henry, St. Jude's College, Toothur, Dr. M. Rajamanickam, Remote Sensing and GIS Analyst, Coastal Division, Mauritius, and Dr. Dajkumar, Geologist, Australia. They extended their kind help and cooperation in the various phases of this study. I also remember the enormous support provided by Mr. S. Saravanan, Mr. J. Loveson Immanuel and Mr. Prince S. Gladson in various field studies of my research work. I acknowledge them for their kind help, cooperation and dedication.

I thank Er. C. Thayaparan, Chairman, Sun Groups of Institutions. I am also grateful to Prof. C. Selvamony, Special Officer, Sun Groups, Prof. D. Xavier George, Principal, Prof. M. Kadirvel, Vice-Principal, Sun College of Engg.and Technology. Also I thank Dr. Subash Chandra Bose, Principal, Udaya Scholl of Engg. and Technology.

I am thankful to my beloved colleagues Mr. G. Hamilton, Mr. K. Kumar, Mr. D. Madhu, Mr.R. Sundar, Mr. R. Sakthi Sudar Saravanan, Mrs. S. Mary Ahila, and Ms. T. Mary Jeeva for their encouragement. Also I thank all my colleagues in Sun College of Engineering and Technology. I am also thankful to my colleagues Dr. V. Selvam, Prof. of Physics, Dr. T.V.S. Pillai, Prof., Anna University, Tirunelveli, Dr. Ajmal Deen Ali, Senior Robotics Software Design Engineer, Amada Soft (India) Ltd., and Prof. K.A. Abdul Kather, Sathakadullah Appa College of Arts and Science, Tirunelveli. They extended their excessive support and advices to me to concentrate on the research work.

I am highly indebted to my family especially my father Mr. P. Peer Mohamed and my uncle Mr. Aziz for their enormous support to perform this work. I am thankful to Mr. Sabu Aziz and Mr. P. Mohamed Faizel. Also I am thankful to Mrs. Chandrasekar and family. Finally, I am highly indebted and thankful to my wife Mrs. A. Sabi Mujabar and my daughter Ms. S. Fiza Mujabar. They encouraged me to keep on the track of research even in the hard and dull situations. Once again I thank each and every one who contributed their kind support and cooperation to complete this task.

Thank you to one and all.

P. SHEIK MUJABAR
