Date: 29-07-2003

This is to certify that the thesis entitled “**Studies on synergism in metal extraction**” is the result of work done by Miss Shrabanti Banerjee, M. Sc. herself under my direct guidance and supervision and that she had fulfilled all the conditions necessary for the Ph.D. degree examination of The University of Burdwan.

Miss Shrabanti Banerjee has delivered two Seminar Lectures in the Chemistry Department, of The University of Burdwan, first one on 26th March, 2003 and the second one on 29th July, 2003, defending her dissertation. Both the lectures were highly appreciated by the audience.

It should be mentioned that neither this thesis nor any part thereof has never been submitted to any University or Institution for the purpose of obtaining any degree, diploma or award.
