ACKNOWLEDGEMENTS

I am highly beholden to Prof.(Mrs) R.Vasantha Baru, Professor of History, S.K.University, Anantapur, my research supervisor for her valuable guidance, encouragement and inspiration at every stage of this work. Her guidance, encouragement and deep interest in my work enabled me to explore a large number of megalithic sites in Anantapur region. For all this, I am ever grateful to her.

I express my sincere thanks to Prof.V.N.Misra, Director, Deccan College of Post-Graduation and Research Institute, Poona for his scholarly guidance and also providing the necessary accommodation including library facilities during my stay at Poona in 1991. I am also equally thankful to Dr.Paddayya, Reader in Archaeology of the same institute who gave his valuable suggestions for my work during the excavation camp at Hunsgi.

I am greatly indebted to Prof.V.Rami Reddy, Physical Anthropologist, S.V.University, Tirupati who made a patient visit of my sites in Anantapur district and thereby guiding me so as to how to proceed with the field work.
My deep indebtedness is also due to Prof. A. Sundara, former Professor of Karnataka University, Dharwad who offered me timely and key suggestions in completing the thesis.

I must also thank Dr. V. V. Krishna Sastry, the former Director of Archaeology and Museums, Government of Andhra Pradesh, Hyderabad, Dr. J. Jawaharlal and Mr. T. Mallikarjuna Rao, Registering Officers of Nellore and Anantapur respectively for their very friendly encouragement. I am also extremely thankful to Mr. A. Narasimhulu, Epigraphy Assistant, Mr. J. Vijaya Kumar, Technical Assistant, Mr. P. Vasudeva Murthy, Typist and Library-in-charge, Mr. Subramanyam, Junior Assistant and others working at present in the Office of the Registering Officer of the same Department, Anantapur for their whole hearted help given in various stages of my work right from registration to submission of my thesis for Ph.D.

In the course of my field work, I am greatly helped by the services of various people. Though it is not possible to refer persons name by name, my acknowledgements are incomplete, unless I quote a few such as Mr. Chinnayya, Mr. Kataiah, M. Rajaiah etc., of Adaguppa during my explorations in the Hagari river basin; that of Mr. Lakshminarayana, Principal, A.V. & P. Junior College,
Sorantla and Mr. Viswanath, museum-in-charge, Department of History, S.K. University, Anantapur during my field study in the Chitravati river basin and also those of innovative services of my own ex-Archaeology students, especially Mr. M. Nagamuni in the survey of the entire Pennar river basin were of great help, which I heartily record here.

I tender my grateful acknowledgements to Indian Council of Historical Research for the sanction of study cum travel grant to facilitate me in undertaking this study.

Finally it is great pleasure to thank Mr. V. Venkoba Rao, and Deepthi Computer Centre, Anantapur for typing the thesis and also Mr. N. Sivasankar, draftsman, for drawing the necessary figures and maps neatly in a short time.

At the end, I must place on record my sincere thanks to my colleague, Mr. Murali Mohan Reddy, Lecturer in Computer Science, for his devoted attempt in transforming the complex archaeological data into fine diagrams.
